PAPERS EXPOSE MISCHIEF

Germany Placed In Bad Light

(Special to the "Hong Kong Daily Press" (Copyright).)

Paris, Feb. 7. Startling revelations about the ways in which the international relations are maliciously poisoned and the diabolical designs imputed against Germany without the faintest justification, were made by two well-known Paris publications, the political weekly "Vendredi" and the sportsman "L'Auto".

Some time ago, when the French Air Defence estimates were under debate in the Chamber, the Rapporteur, Deputy Bernier, supported his advocacy of a greatly augmented expenditure by issuing a report that was 228 pages long, the crucial section containing 5 pages, where it was alleged that a Memorandum of the Great German General Staff, commanded by General Reuss, declares that Germany needed an air force of such invincibility that this force would be able to neutralise all land forces of any enemy.

Had Bernier's statement been based on facts his demand for an expenditure on the scale that it was put, would doubtless have seemed justified. But certain military officials, who were better acquainted with the personnel of the German General Staff, and knew nothing of "General Reuss," made further inquiries, and it was then found out that the Italian General Douhet had written a book, "The War in the Air," where he describes an imaginary war between Germany and France, and naturally invented the figure of "General Reuss," as well as his "Plan" and the "Reichs Chancellor" he handed the memorandum to.

Bernier however in the report submitted to the Chamber, and which incorporates therein the pages 124 to 127 of Douhet's book, wrote on pages 9 and 10 of that book: In order to show more clearly the German point of view, we consider it expedient to publish herewith extracts from a document of the Great German General Staff.

"L'Auto" demands that those responsible for this pernicious deception of the public should be called to account. If Bernier himself had not read Bernier's book, he must have been misled by someone in the Ministry of Aviation. But, states "L'Auto," such occurrences damage the good respect of France which the French Parliament enjoys.

ETHIOPIANS HARASS THE ENEMY

(Special to the "Hong Kong Daily Press" (Copyright).)

Warsaw, Feb. 7.

Continued heavy rainfalls are making the operations on large scale nearly impossible, according to the latest despatches. On the south front however continued guerilla warfare is in progress, being carried out by isolated detachments of Ras Desta's troops, being directed under cover of the night against Italian food and ammunition transports to the Negelli sector.

Owing to the length of the lines of communication these attacks are apparently meeting with success, it being asserted that the Italian troops at the front are already short of food.

The Italians take advantage of every dry interval to carry out aerial bombing attacks, dropping large quantities of bombs, but achieving apparently slight damage.

37 anti-aircraft guns of Swiss manufacture have just arrived in the Abyssinian Capital. These modern weapons have the calibre 3.7 cm. and it is hoped that they have the effect of reducing the Italian superiority regarding mechanised armaments.

IRISH RUGGER SENSATION

Great Victory Over England

Dublin, Feb. 8.

There was a sensational ending to the Rugby International, Ireland with fourteen men scoring two great tries and winning against England by six points to three.

The play was very even till near half time when Sever dashed through a crowd of Irishmen and scored for England this lone try, which was not converted by Owen Smith, providing the only score in the first half.

After a great effort by Obolensky to break through, the English defence had a worrying time until the game swung to the Irish line where McMahon dribbled clear. The ball went over to English territory where Boyle dashed up and scored a sensational try, Bailey failing to convert.

Two minutes from time Bailey raced away and touched down though he was tackled by Owen Smith. Ireland thus won by six points to three.

Ireland lost Deering who was forced to retire with a damaged head. Other changes in their team were Malcolmsen replacing Morris and F. G. Moran being brought in to fill the place of the former. England made no change.

ITALIAN SINGER'S SACRIFICE

(Special to the "Hong Kong Daily Press" (Copyright).)

Milan, Feb. 7.

A patriotic deed was performed by the well-known Italian singer Tito Cappa, who, in the famous Milan Scala in an interval, handed the Fascist Representative 15 pounds of gold in bars and ornaments as sacrifice to help the country in its struggle against economic sanctions. The majority of these golden articles had been handed him as tokens of respect during his opera career.

UNDERWORLD

From All Quarters

(BY IVOR BROWN)

London, Jan. 20.

The battling of Bradman has been, and still is, one of the marvels of our time. But Southern Australia has yet other claims to own the wonders of the world. There are the great caves, for example, of the Nullarbor Plain, whose recently explored immensities have just been described and pictured in "The Times." The small boy, who saps and mines an English garden in the hope that he will one day "come out in Australia," may land in strange country, for the subterranean layers of this huge limestone waste out-do all dreams of writers for the Schoolboy Press in their ownership of lakes, wells, chasms, tornadoes, and things that go bump in the night. The scream of gusts coming up through the blow-holes suggests that here is that cave of Aëolus, the Vergilian description of whose windy kingdom has by definition, deprived so many English pupils of fresh air. The natives conceive that this whistling, lacustrine, tortuous cellars of Nature is the home of some monstrous worm, a serpent house with all proper circumstance of malignity.

Dragon or no, it is plain that the Nullarbor region, despite the aridity of its spaces, treeless name, is fruitful in romantic possibilities. Coleridge might have sung its solitudes and Defoe recounted its recent penetration by nine men and a boat. Crusoe could have done no better, since these explorers even found upon the sand, beside some especially abysmal well, the impress of an aboriginal foot. Let us hope that they immediately called the spot by the nice old English name of Friday Street. In any case the early name-givers had not done badly by their caves. They made the letter "o" dance an eightfold reel of the handiwork in "Koomoolookooka." Certainly in strangeness of spectacle the Dominion of Australia can hold its own with anything that Hollywood or Elstree can turn out or author of romances ever fashioned. Nature, not to be out-done by the celluloid visions of Wellman Shaples of Things to Come, cries "Sursim, Kurda," and invites the magicians of the mechanised world to spy the shapes of things long buried. They are not, one gathers, unimpressive.

Limestone never fails to be magical, as we in England have good reason to know. The Nullarbor Plain is as long as from London to Edinburgh, and we have no belt of the stuff on this scale. But we have our caverns where, the limestone, that apple and fantastic mineral, most plays its tricks. The grottoes of Cheddar, Gorge, the wonders of the Peak, the vanishing rivers of Derbyshire, and the great pot-holes of the Pennine are our reply to the major miracles of the Australian underworld. Whenever you get limestone you get your fun, and those who find our modern life too dull and too secure have various domestic outlets for the spirit of adventure. They can attempt a non-stop crossing of the Strand at mid-day; Peak (a start about four o'clock on a snowy afternoon, in mid-winter is fashionable with headstrong hikers who do not mind how many people have to spend the next week digging them out); or they can go to limestone country and pop down the first hole they find.

Quite apart from the uses of the cave as a bomb-proof shelter subterranean life is likely to become much more popular as Progress marches on. Within a few years Flying Fleas, or cheap aeroplanes of some sort, will be as motor-bicycles. During five week-ends the entire sky will be black and heavily with the buzz of joy-fighting man. To expect solitude on a moor or meadow will be absurd, since like Marvell, vexed by tyranny of time, we shall ever hear the winged chariot hurrying near. How excellent then to live in a limestone country, and have a region cave to offer safe and silent promenades. We may have nothing on the scale of Koomoolookooka, but our native grottoes afford a refuge in the past and likely, alas, to be our refuge in the future.

UNION JACK CLUB

\$130,000 Building Scheme For

Singapore, Jan. 28.

A new wing which will cost approximately \$130,000 to build and equip will be added to the Union Jack Club at Singapore, to nearly double the accommodation, owing to enormous increase in attendances by members of the Navy, Army, and Air Force services.

The Governor, Sir Shenton Thomas, presiding at the general meeting of the Club on Monday evening, said that the Government had been approached with a view to obtaining the necessary amount as a loan.

There were present:—Major General W. G. S. Dobbie (vice-president), the Hon. Mr. A. S. Small (vice-president), Mr. G. W. A. Trimmer (vice-president), Commander W. P. Mark-Wardlaw, Air Commodore W. Sydney Smith, Wing-Comdr. H. F. Fuller, Brigadier A. T. Shakespear, and Messrs. H. C. Atkin-Berry, A. E. Thornley-Jones, W. E. Russell, R. F. Palmer (who also represented the hon. secretaries and treasurers, the Singapore Cold Storage Co., Ltd.), T. McLachlan and H. F. Woolton (manager of the Club).

Sir Shenton Thomas said, inter alia:—

"Stress is laid in this report on the increasing number of attendances by members of all three branches of Services and the immediate need for additional accommodation."

"In 1935 there were over 103,000 attendances as compared with 64,800 in 1934, and it is clear that the question of extending the premises must no longer be delayed if the Club is to continue to attract the members of the Services. Your committee appointed a sub-committee to inquire into the whole position, and a unanimous report has been furnished."

"It recommends that a new wing shall be built which will practically double the present accommodation. The report and recommendations have been adopted by the general committee."

"This raises the all important question of finance."

PLANS PREPARED

"Plans have been prepared on which it is estimated that approximately \$130,000 will be required to build and equip the proposed new wing and the committee through its chairman, Major General W. G. S. Dobbie, has approached the Government with a view to obtaining the necessary amount as a loan from the Straits Settlements Government."

"I have considered the matter and I am prepared to ask the finance committee to come to your assistance in the grant of a loan, but I cannot of course bind them in any way."

"I note from the balance sheet that the club has \$38,000 invested in Singapore Municipal Debentures and I understand that the present value of these investments is nearly \$50,000. I suggest that part of them should be realised and the proceeds used for extensions, thus reducing the loan from Government that will be required."

FINANCE SOUND

"Careful attention to general supervision and constant care of the present building and its equipment has resulted in carefully regulated expenditure, and the present state of the club's finances—while not flourishing—is sound."

"I should point out that the sum of \$4,000, being the balance due on a previous loan of \$20,000 granted in 1926, was repaid to the Government in November last."

"There have again been several changes in the personnel of the committee."

MR. LUNDON THANKED

"Major-General E. O. Lewis retired from the Colony in December, and his place as a vice-president and chairman of the committee has been taken by Major-General W. G. S. Dobbie."

"Mr. H. C. Atkin-Berry returned from leave in December and has resumed his membership of the committee which was undertaken during his absence by Mr. F. G. London. I would like to record the appreciation of the committee of the services of Mr. London as chairman of the sub-committee appointed to investigate and report on the proposals for the extensions."

"Dr. J. B. Webster resigned on proceeding on home leave but it is hoped to have the benefit of his services again on his return later in the year."

"Last, but not least, I would refer to the loss the committee has sustained in the departure of Sir

ROYAL NAVY

Canadian Ships' Cruise

London, Jan. 16.

The four destroyers of the Canadian Navy are to carry out training cruises to Bermuda, Jamaica, and ports in the West Indies, in the course of which they will join up with ships of the Royal Navy. The Saguenay and Champlain, forming the Eastern Division, are expected at Bermuda to-day from Halifax. The Skeena and Vancouver, forming the Western Division, will leave Esquimaux on Monday for the Panama Canal, and after calling at various ports will meet the Eastern Division at Kingston, Jamaica, on February 10.

On February 28 all four destroyers will leave Kingston to carry out exercises, and will anchor as convenient in Jamaican ports. Last year the vessels worked together until mid-April, and met some of the ship of the Home Fleet of the Royal Navy which were on a cruise in those parts. This year no Home Fleet ships can be spared to visit the West Indies in the course of the spring cruise.

COMMANDER FOR THE

PENILOPE

Commander H. M. Denham is appointed from to-day to the Penelope, the third of the small cruisers of the Arethusa class, completing at the works of Harland and Wolff Limited, Belfast. The Penelope should be ready for service in the late summer. Commander Denham has just completed the staff course at Greenwich, and was formerly commander of the submarine depot at Fort Blockhouse. He was promoted in June 1932, while senior lieutenant-commander of the Queen Elizabeth, Mediterranean flagship.

COMPLETION OF THE APOLLO

H.M.S. Apollo, Captain M. J. C. de Merle, M.V.O. which has just been commissioned at Devonport, where she was built, is ordered to leave Portland on January 25 or as soon as possible afterwards for Bermuda. The Apollo takes the place in the Americas and West Indies Squadron of H.M.S. Dante, which returned to England in November.

COMMANDER D. B. O'CONNELL

Commander D. B. O'Connell, who has retired at his own request, has had nearly 30 years' service. He entered Osborne as a cadet in May, 1906. Much of his time has been spent in small ships. During the War he was senior lieutenant of the destroyers Boyne, Llewellyn, Orcaida, and Venturous. His first independent command was of the river gunboat Teal in China, and for good service in her during a difficult period he was promoted to commander in 1929. He has since been executive officer of H.M.S. Resource, fleet repair ship, has commanded the river gunboat Gannet in China, and also destroyers in reserve at Rosyth. H.M.S. ORION AND RAMILLIES

The Admiralty state that H.M.S. Orion expects to arrive at Sheerness at 9 a.m. and H.M.S. Ramillies at 8.10 p.m. to-morrow.

CHINA FLEET CLUB

It is announced in fleet orders that the following donations have been made to the China Fleet Club building fund by the commands mentioned from the sums allocated to them from the surplus revenue accruing from naval canteen trading:—Nore Command, £19 9s. 9d.; Plymouth Command, £38; Home Fleet, £80; and Mediterranean Station, £78.

Socony-Vacuum Now Selling Wax and Machine Oil

Mukden, Feb. 1.

Marking the return of foreign oil interests to Manchukuo, from which they were virtually forced to withdraw by the enforcement of the Petroleum Industry Law on April 10 last year, representatives of the Socony-Vacuum Oil Co. to-day were engaged in a vigorous sales campaign of wax and machine oils. Samples of the products have been widely distributed to local merchants and industrial plants by representatives of the American firm who came here from Shanghai.

The local branch was closed last summer.

Andrew Galdes, who left the Socopy in December to assume the Governorship of Hong Kong. He has been replaced by the Hon. Mr. A. S. Small.

"On behalf of the members, I bid a cordial welcome to all the newcomers."

The report and accounts for the year ended December 31, 1935, as presented, were approved.

ILLICIT TRADE IN NORTH CHINA

Three Governments In Mongolia

Peiping, Jan. 29.

The Lunar New Year passed off here without any of the major disasters which, in accordance with the regular annual custom, duly had been predicted. There do not seem to have been more than the average number of bank-ruptcies or mysterious fires. Indeed, judging from the continuous fusillade of crackers that resounded far and wide on New Year's eve, from dusk to dawn next day, the celebrations seem to have been more widespread and enthusiastic than in many previous years.

This may have been partly due to the fact that the new government—no doubt in order to show its independence—had lifted the ban on crackers that Nanking had hitherto solemnly enforced. The increase in crackers may, however, also have been due to the desire to speed the evil spirits of the departing year, or possibly to ward off those of the coming one.

So far there have been no marked changes since the establishment of the new regime. The great advantages that were to have resulted from compliance with the spontaneous and widespread demand for autonomy, and especially from the retention of all revenues for use in the North, have not yet become apparent. As most of the revenues have already been seized, it may be said, no doubt, that they are benefiting Northerners, but as far as one can judge the circle which is benefitting is not a wide one.

There has been no noticeable outburst for municipal activities. Road repairs and the restoration of structures of antiquarian interest have ceased altogether, while the municipal buses have been banned from the city by the new administration after they had only been running a month. Nor has there been, as far as I have been able to discover, any reduction in the number or amount of the local taxes. One improvement, if I may venture to call it so, must, however, be recorded: the city gates are now kept open till midnight. This doubtless is the result of the recent fracas of the Chaoyangmen.

INCREASE OF VICE

In one respect the Peiping public certainly has benefited by the interest and care shown by their Japanese friends for them. The number of opium dens and gambling halls where they can now enjoy themselves undisturbed, without fear of being interrupted by the fussy Chinese police, has grown enormously. I have a list of nearly a dozen such places, opened in the name of Japanese nationals, which, of course, the Chinese police do not dare to interfere with.

It is said that the Japanese government from the Embassy do occasionally raid these places, but as some kind of friend invariably gives warning well in advance of the proposed "visit of inspection," nothing obnoxious ever is discovered. These houses are now considered one of the most paying forms of business in modern Peiping. One may term them presumably the van-guard of Japanese economic penetration.

Another aspect of what, I suppose, one must call the economic development of North China is the extensive smuggling of goods into Chinese territory that is being carried on by Japanese nationals, apparently with the connivance and approval of their authorities. This contraband is pouring in from Shanhaikuan and the passes in the Great Wall via the Demilitarized Zone—I mean via the East Hope Anti-red Autonomous Council. It is quite correct to say "with the connivance of the Japanese authorities," for not many weeks ago the Chinese police arrested some of these Japanese smugglers and confiscated their goods, whereupon the Chinese authorities were promptly made to apologize and liberate the smugglers and hand back the contraband.

Since then all efforts to cope with the smuggling seem to have been given up entirely.

As proof of the vast dimensions this smuggling has nowadays assumed, I have heard of a well-known foreign firm which has given up importing a certain class of article, because it is unable to compete with its own staff brought in this illicit way. Yet, how just as large a turnover by recommending its clients to get their touch with its

Japanese agents in Dairen. Mr. Yin-Ju-keng is apparently also fully aware of the illicit trade that is passing through his territory, for it is reported that he intends setting up tax-stations in his new state and collecting duty on all goods in transit.

ILLICIT TRADE WITH IMPUNITY

In view of these two examples of Japanese activities alone, many people in North China were very surprised at Maj.-Gen. Isogai's statement in his interview with Gen. Chiang Kalshek that the Japanese authorities had never in any way interfered with affairs in North China. If they do not interfere, it would be interesting to know how Japanese nationals are able to carry on these two illicit forms of trade with complete impunity, such as neither the Chinese themselves nor any other foreigners enjoy.

There is a great deal of talk just now about the state of affairs in Inner Mongolia. The accounts that one hears of the situation there are so vague and confused that not even the experts themselves seem to know what is really happening. As far as one can gather, there now appear to be no less than three entirely different and distinct Inner Mongolian governments. There is the Autonomous Government of Mongolia, of the Chahar Mongols, (a purely Japanese creation); the Suiyuan Autonomous Council (recently set up by Nanking); and finally Prince Teh's original Autonomous Council of Inner Mongolia, at Peking, now left high and dry. One need not be, however, unduly impressed with all these various names.

Despite much talk of the high and mysterious policies of "Innermost Asia," it seems doubtful whether the following of any one of these three new Mongolian "governments"—accede 50,000 souls. The only thing that is clear about it all, is that the paralysis and chaos, that has overtaken Chahar and Hopei is slowly spreading northwards.

"YOU must strengthen your nerves with SANATOGEN"

"Revitalize your nerves by taking Sanatogen." That is what your doctor will advise you, when listlessness, lack of appetite, or fretful sleep are robbing you of your health and joy of life.

For physicians know that all these complaints have their roots in one and the same cause: weakness of the nerves. And it is only by strengthening your nerves, that you can regain your former health and vitality.

Strengthen your nerves with Sanatogen—the true tonic-food. Sanatogen contains the very elements that build bodily health and vital strength—phosphorus and protein. Sanatogen will make you feel stronger, healthier and consequently happier—even after a short course.

"I have hastened to recommend Sanatogen to my patients in case of nervous exhaustion, and it gives very beneficial results. I do not obtain such results with the usual tonics."

writes a well-known English physician.

Over 25,000 physicians have given Sanatogen similar enthusiastic recommendations, because Sanatogen must do good. Start taking it to-day, then you will soon enjoy once again the feeling of radiant vitality and strength that makes life worth living.

FIREMAN'S
FUNERAL

International Tribute
Paid

Shanghai, Feb. 3.

A most impressive sight was wit-
nessed yesterday in the funeral of
Assistant Station Officer A. H. Mor-
ton, the young British fire officer
who died on Thursday as the result
of injuries sustained in an explo-
sion and fire on January 20. The
tragedy was all the more poignant
as Mr. Morton was the first fore-
igner to die from injuries received
in the course of duty since the
days of the Volunteer Fire Brigade.
The loss fell by his fellow mem-
bers in the Shanghai Fire Brigade,
and shared by all other brigades
in Shanghai, was manifest by the
presence in the funeral procession
and at the cemetery of detach-
ments from every division in the
Shanghai Fire Brigade, and from
the French and Chinese Brigades,
the Customs Harbour Fire Brigade,
the Shanghai Fire Brigade Volun-
teer Reserve, and the Shanghai
Municipal Police. In addition
there were present Mr. H. E. Arn-
hold, chairman of the Shanghai
Municipal Council, Mr. J. R. Jones,
secretary, and representatives of
the Shanghai Waterworks Com-
pany, and the Shanghai Power
Company.

Preceded by Sikh mounted po-
lice, in charge of Sub-Inspector
Goldsmith, the procession formed
up in McEwan Road shortly before
3 p.m., and proceeded by way of
Gordon Road and Bubbling Well
Road to the Bubbling Well Ceme-
tery, where the interment took
place. A large crowd of onlookers
gathered at the point of depart-
ure, and at the cemetery gates, to
watch the procession pass, and
there were also a large number of
people within the cemetery during
the interment.

On arrival at the cemetery, the
Sikh Police formed a line opposite
the gate, and the remainder of the
procession formed up on either
side of the gate, and remained
there until the funeral service,
conducted by Dean Trivett, was
concluded. The officers of the
Fire Brigade saluted as the coffin
was borne from the cemetery
chapel. The ceremony at the
grave, also conducted by Dean
Trivett, was attended by members
of the various units present, a
number of whom afterwards lined
up and paid their last respects by
saluting the grave of the dead
officer—"N.C.D.N."

Institution, was born in Edinburgh
in 1884, and received his education
at George Watson's College, Edin-
burgh University, and in Paris. He
became house surgeon in Edin-
burgh Royal Infirmary, house sur-
geon to the Royal Maternity and
Simpson Memorial Hospital, and
resident surgical officer to Sir
Harold Stiles.

He went to Dundee in 1921 and
was appointed honorary visiting
surgeon in Clinical Surgery in the
University of St Andrews in that
year. Since 1927 he has been ex-
aminer in operative surgery and
surgical pathology to the Royal
College of Surgeons, Edinburgh.

Professor Alexander is a Fellow

ROBERTS' EARLDOM

London, Jan. 18.

The late Earl Roberts, whose
only son predeceased him (he died
of wounds received at the battle of
Colenso, 1899), and was awarded
the V.O. after his death, received
a special remainder to his two
daughters and their heirs male
successively. His elder daughter,
the present Countess, is unmarried.
His younger daughter, Lady Ed-
ward, married in 1913 Brigadier-
General Henry Frederick Elliott
Lewin, C.B., C.M.G., R.A., and has
an only son, Mr. Frederick Roberts
Alexander Elliott Lewin, who was
born on January 18, 1915, two
months after the death of his dis-
tinguished grandfather, Mr. Elliott
Lewin is (after his mother) the
only heir to the titles of Viscount
St. Pierre and Earl Roberts creat-
ed in 1901.

It is fitting to recall something
of the brilliant career of the great
soldier whose only grandchild and
ultimate heir now attains majority.
Field-Marshal the Right Hon. Sir
Frederick Elliott Roberts, Baronet,
Earl Roberts, etc., V.C., K.G., K.P.,
G.C.B., O.M., G.O.S.I., G.O.I.E.,
D.C.L., D.Litt., LL.D., was a son of
General "Sir" Abraham Roberts,
G.C.B. The family came from
Waterford, and when Lord Roberts
received his first peerage (it be-
came extinct at his death) he took
the title of Lord Roberts of Kan-
dahar and of the City of Water-
ford. It was for service in the
Indian Mutiny that Lord Roberts
received his V.O. His title of Lord
Roberts of Kandahar recalls his
Afghanistan campaign. The South
African War brought him his
earldom. He died at the Head-
quarters of the British Army in
France, where he had gone to
inspect his command of the Indian
Army on November 14, 1914.

"CARDINAL RICHHELIEU"

Preparation for a period of six months, during which he delved into more than 100 books and spent several weeks making screen tests, preceded the start of George Arliss in the title role of Darryl Zanuck's 20th Century Pictures dramatic spectacle, "Cardinal Richelieu," at the Star Theatre to-day.

The cast supporting Arliss reads like a Hollywood Blue Book, the twenty-five principals including Maureen O'Sullivan, Edward Arnold, Cesar Romero, Francis Lie-

PETER IBKETSON

At The Queen's

The screen dramatisation of George du Maurier's "Peter Ibbetson" is now showing at the Queen's Theatre, and is one of the best of the minor classics. It is a beautiful story that is cut of the ordinary. The stars of the picture are Ann Harding and Gary Cooper, and their portrayals of the characters of this look raise their status in the screen world to greater heights.

It is the story of two people who are childhood playmates and later sweethearts. The mother of the boy dies and he is taken to England by his military uncle and thus for the first time in their lives the children are parted.

They meet again after many years when Peter Ibbetson is now a talented architect. He is sent to a wealthy aristocrat's estate to design new racing stables and there he meets the Duchess of the Towers in whom he recognises his childhood sweetheart. Their recognition is mutual. The Duke is suspicious of the two young people, and in a conflict with Ibbetson the Duke is accidentally killed for which the young architect is sent to prison for life.

Their love never dies and though prison walls separate them they are able to meet in their own dream world whenever they should will it. A strange force binds the two people together and even death is rendered futile in its intensity.

It is a picture of great appeal. The picturization through the ability of Ann Harding and Gary Cooper forms a perpetual monument to the memory of a great author, George Du Maurier.

"Beknit."

ter, Douglas Dumbrille, Violet Kemble Cooper, Kathryn Alexander, Lumsden Hare and Halliwell Hobbes, to mention only a few of prominence.

Like the star's previous success, "The House of Rothschild," "Cardinal Richelieu" centers its drama around a great historic controversy, depicting the stormy times of King Louis XIII of France when Church and State were contending for power and the great political prelate, Richelieu was the real power behind the throne. Based on a play by Sir Edward Bulwer-Lytton, the screen play is credited to Maude Howell and the adaptation to Cameron Rogers, while W. P. Lipscomb wrote the dialogue. As young lovers, Maureen O'Sullivan and Cesar Romero, the screen's latest romantic sensation, enact a love drama around which the larger drama of political intrigue swirls and rages.

Clad in pantalettes and crinolines, Shirley Temple is currently enacting the most lovable of Confederates in that grand story of the Civil War, "The Littlest Rebel," which is now showing at the King's and Alhambra Theatres.

Because of its dramatic suspense and its many scenes of tender pathos, "The Littlest Rebel" gives Shirley her first real opportunity as a dramatic actress, while her capacity for song, dance and laughter never fails to astonish and delight audiences.

The picture follows closely the outlines of the famous play from which it was adapted. John Boles and Karen Morley play Shirley's parents, while Jack Holt is cast as the gallant Union officer who attempts to aid Shirley and her father in the escape after her mother had succumbed to the rigors of war.

The dramatic force of the picture is heightened by the interludes of song and dance. Bill Robinson, the lovable champion of tap dance, again assists little Shirley in a series of intricate and delightful routines. Her songs, including that beautiful classic, "If All Thy Endearing Young Charms," are highlighted by a new number, "Polly Wolly Doodle."

Guinn Williams, Willie Best and Frank McGlynn, Sr., are important members of the featured cast of this picture.

"Littlest Rebel" is the best picture versatile Shirley has yet turned out. She will make you weep as she will make you laugh. She will even tap dance into your heart and her songs are as charming as the little star herself. The picture is indeed a grand piece of entertainment and we have to thank little Shirley and the 20th Century-Fox studios for this piece of masterpiece.

HERE COMES COOKIE

George Burns and Gracie Allen were showered with white slips of paper when Director Norman McLeod suffered an attack of laryngitis and was under the doctors' orders not to talk. McLeod solved the problem by writing out his directions during the filming for some of their scenes in "Here Comes Cookie," the current Paramount Production coming soon to the Queen's Theatre.

Burns and Allen's latest rib-tickling farce relates the mirth provoking happenings which result from Gracie's inheriting millions from her father who wants to go away on a fishing trip safe in the knowledge that his money is in Gracie's hands, warding off the attentions of fortune hunters on his other daughter. Gracie promptly disinherits her father, turns their palatial home into a club-house, for a strange and varied assortment of out of work actors and their paraphernalia, including acrobats, jugglers, knife-throwers, bicycle riders, trained seals, trained dogs, trained monkeys and trick marksmen. FUNERAL SCENES

Arrangements
Complete

In connection with the early screening of the film depicting the scenes relating to the funeral of the late King George the Fifth at the Queen's Theatre the following arrangements have now been made:

The film will be shown for four days only at 2.30, 5.15, 7.20 and 9.30 on the 15th, 16th, 17th, and 18th of February, 1936 and cannot be continued after these dates as it is urgently required in Shanghai and North China.

The programme for ALL performances will be as follows:

(1) Appropriate music by the Band of the East Lancashire Regiment by kind permission of the Officer Commanding.

(2) Scenes at the Funeral Procession, etc.

(3) Additional music by the Band of the East Lancashire Regiment.

(4) Paramount's special full length picture "So Red the Rose" based on Stark Young's undying story of the gallant war between the States of America, featuring Miss Margaret Sullivan and Mr. Walter Connolly.

Prices of admission will be the same as before.

LADIES TENNIS CHAMPIONSHIP

Doubles Event
Decided

Some sparkling tennis was witnessed at the U.S.R.C. ground on Saturday when the final of the Ladies Doubles championship was played off between Mrs. N. Wilson and Miss R. Hancock who defeated Mrs. J. F. Kayl and Mrs. W. E. B. Dowling by 6-2; 9-7.

Mrs. Wilson was the outstanding player on the court and seldom failed with her hard drives and accurate placements. On her present form, there is every likelihood of her winning the singles title also.

Miss Hancock was not in the same form as when she met and defeated Mrs. Kayl, but nevertheless she drove home some useful forehand shots which resulted in ace points.

Mrs. Kayl has lost touch at the worst possible moment. She played brilliantly at the net only to fall in her ground shots. It is of interest that she failed to win one of her six service games.

Mrs. Dowling again exploited her powerful forehand drive to advantage. It was in perfect trim. She, however, invariably failed at the critical periods of the sets. A good example of this was provided in the 14th game when she and Mrs. Kayl led 7-8 and 40-30 on her own service. In this game she served three double faults—one a foot fault—and her opponents levelled at 1-all and went on to win the match at 9-7.

At the conclusion of the match Mrs. A. W. Bartholomew, presented the prizes, including those to L. Goldman and Major Withington, who played off the Men's Singles Final of the U.S.R.C. and which resulted in Goldman, the holder, winning a dull match at 6-0, 6-4.

Among the few spectators present was His Excellency the Governor, Sir Andrew Caldecott.

"TIEN L'UEN"

"Tien L'Uen," a Chinese silent picture synchronised with tantalizing Chinese melodies and English subtitles, now showing at the World Theatre, is the latest production of the United Photoplay Service.

This deeply absorbing tale concerns a typical Chinese family through three generations—from Old China to New China. Although time and space has changed yet the filial piety which is the chief of all the virtues of the Orientals particularly of the Flowery Kingdom still remains. The picture shows the repentance of a prodigal son and the happy reunion with his family.

There is a pathetic theme throughout the story and is supported by a powerful cast of well-known Chinese actors and actresses.—C.O.L.

IMPERSONATION CASE

Man Bound Over

Appearing on remand on a charge of having impersonated a police officer, Cheng Yung Ng (20), unemployed was bound over by the Magistrate, Mr. W. Schofield at the Central Magistracy on Saturday, in a personal bond of \$100 to come up for judgment when called upon.

It will be recalled that the defendant saw a man pawing some articles of clothing, and went up to him and asked him to whom the clothing belonged. The man replied it was his, but defendant asked him to come along with him for enquiries. As they got outside the pawnshop, defendant saw a district watchman and called out to him by the number of 17, but the district watchman's number was 107. The watchman came up to them, and defendant said he had a case for him. He was asked what authority he had for arresting the man and when the accused failed to establish his identity he was taken to the station.

Defendant admitted the charge, but said that he had been a constable in Canton, and that he was unaware that he had acted against the regulations in Hong Kong. The Magistrate on Saturday said that it was a most extraordinary case, as usually people impersonated policemen with one object in view—to extort money. Accused had not done so.

Detective Sergeant Baldwin agreed that a personal bond would meet the case.

Defendant said that he had a friend in Hong Kong but he was not sure whether the latter would be willing to stand surety. He however thought that he would be able to raise the money in Canton.

TIME EXPIRED BANISHEE

Caught Stealing

A banishee who had served his term of 10 years deportation without a blemish, appeared before Mr. Balfour at the Central Magistracy on Saturday charged with the theft of a watch, a gold chain, a gold locket and jade appendage, valued at \$40.00.

Chan Tsat, (34) the accused was described as a coolie, and the theft was said to have taken place in Queen's Road near King Wo Street. Defendant denied the theft.

Leung Kwok Wah, dentist of No. 146 Queen's Road Central told the Magistrate that he was proceeding along Queen's Road on Friday morning when defendant, jostled up against him in a crowd. Defendant snatched his watch from him and attempted to run away. Complainant caught his arm, raising an alarm at the same time. An Indian constable appeared on the scene and arrested defendant. In the meanwhile defendant dropped the watch onto the pavement.

A Chinese detective said that he saw defendant struggling with the complainant, and also witnessed defendant drop the watch. Sentence of 7 months' hard labour was imposed, while the watch and accessories were ordered to be returned to complainant. Sub-Inspector Walsh said that defendant had been banished for 10 years in 1923.

SOLDIER CONVICTED

Peak Incident Recalled

Rifleman Edward Smith of the Royal Ulster Rifles appeared on remand before Mr. W. Schofield at the Central Magistracy on Saturday, charged with being found in the Peak Hotel Garage at 11.15 p.m. on Sunday, February 2, for an unlawful purpose, with driving private car No. 2852, belonging to Mr. P. S. Oakes, without permission and with driving the car without a licence.

Accused was found guilty on all charges and was fined a total of \$35 on the three charges. Evidence was given by an Indian Constable, a car cleaner at the garage and by Sub-Inspector McEwan, in which it was revealed that the car had only been moved a few feet and that only slight damage had been done to the bumper.

It was also stated that although defendant was under the influence of drink he was able to walk and speak distinctly.

STAMPS FRAUD

Violation Of Revenue Stamp Act

On three charges of theft of bills of exchange revenue stamps, and a further charge of uttering a stamp, a 44 year old clerk, Po Wing, appeared before Mr. Balfour at the Central Magistracy on Saturday, and was remanded for 48 hours.

Detective Sub-Inspector Flattery for the prosecution said that the Colonial Treasury took a serious view of the case. He asked for a formal remand in order to pursue enquiries. Accused had pleaded that he had bought the stamps from a man in China Building. The Police had questioned the person concerned who denied all knowledge of the matter.

The charges against accused were: larceny of one \$5 bill of exchange revenue stamp on November 17, last; larceny of three \$10.00 bills of exchange revenue stamps on December 18, last; larceny of one \$10.00 bill of exchange revenue stamp on December 28, last and uttering of a stamp "from which the cancelling mark had been removed."

A remand for 48 hours was granted in police custody. Mr. Show J. Chen, Manager of the Bank of China was cited as complainant.

COUNTERFEIT COINS AGAIN

Pleading that he did not know the coins he possessed were counterfeit, a 26 year-old carpenter made his appearance before Mr. Balfour at the Central Magistracy on Saturday, and was remanded for one week, in order that the Police may pursue their enquiries.

Accused, named Fong Yat Yau was charged with uttering two ten cents counterfeit coins, and was also charged with possession of 28 ten cent counterfeit coins.

Sergeant Bryon said that the coins in question had been sent to the Government analyst for examination.

TRESPASSING

For trespassing on military property, a Chinese woman, named Leung Kam was fined \$50.00 or two months' hard labour by Mr. Schofield at the Central Magistracy on Saturday. It was stated by the prosecution that she was found in Murray Barracks.

BANISHEES

Two banishees made their appearances before Mr. Balfour at the Central Magistracy on Saturday, and were sentenced to nine months' and a years' imprisonment respectively. They were Tang Yat (42) described as a broker, and Lai Siu Cho (41) unemployed. The former was banished from the Colony on October 3, last year for 10 years, while the latter was deported for a similar period on July 2, 1935. Both admitted that they had re-entered the Colony illegally.

NO LICENCE TO DRIVE

Lam Sze Hin, 17 year old student was fined \$15, for driving car No. 3896 without a licence in Main Street, East on Friday. Sergeant Whitley told the Magistrate (Mr. Schofield) that he saw defendant driving the car, and thought he was remarkably young to be at the wheel of a vehicle.

ROBBING PETER TO PAY PAUL

An unemployed youth bought a number of tickets from the Kau Yee Fong Theatre, where a good show was being staged and thought he would make money by selling them later at a profit to late comers. The lad might have prospered, too had not the long arm of the law descended on him.

On Saturday, before Mr. Balfour at the Central Magistracy he was charged with "causing an obstruction" by selling tickets in a public place. The youth, Ng Cham, 25 years of age, admitted the offence. In answer to the Magistrate, the prosecuting officer said that no check could be kept by the theatre on tickets sold as there was no system of verification. In ruling the accused \$5, the Bench warned accused on the continuance of the practice.

SNATCHER CAUGHT

Birching Ordered

A robbery which occurred on Friday night at 9.30 p.m. had a sequel at the Central Magistracy on Saturday, when a 25-year-old unemployed Chinese, Yuen Shing was charged before Mr. W. Schofield with larceny from a person.

Acting Sub-Inspector Madgwick said that accused snatched a bag from Li Sau Sang married woman by coming up from behind while the latter was walking along Tung Lo Wan Road. The thief made away with the bag, which contained money and a gold watch was valued at \$25. The total value of the haul was \$42.60. Accused was however intercepted by a Chinese detective before he had made a clean get-away.

Sentence of 6 months' hard labour was imposed, and accused was ordered to receive 15 strokes with the birch. If unfit, defendant was to serve a further 2 months' imprisonment.

HONG KONG SINGERS

DEATH OF MR. H. A. GIFFORD

Glasgow Stock Exchange Official

London, Jan. 17.

The death took place yesterday at his residence, 21 Belmont Street, Glasgow, of Mr. Horace Andrew Gifford, F.C.I.S., secretary and treasurer of the Glasgow Stock Exchange. Mr. Gifford had been in failing health for over a year. He was a native of the South of England.

The death of Mr. Gifford removed one of the most prominent figures in the financial and commercial life of Glasgow, and one of the oldest and widest known Stock Exchange officials in the country. He held the position of secretary of the Glasgow Stock Exchange for the long period of 44 years, and during that time he rendered outstanding service to the Exchange.

Prior to coming to Glasgow Mr. Gifford was for a short time in the Loan Department of the London Stock Exchange.

In the legal profession in Glasgow, with many members of

OBITUARY

Managing Director Of Prince Line

Cabled news was received during the week end by the Prince Line from their principals in London advising them of the death of Mr. Norman Stockdale, their Managing Director.

The late Mr. Stockdale joined the Prince Line some 49 years ago and by dint of hard work gradually rose to the post of Managing Director. This post he held for a good many years until his demise. Mr. Stockdale was a highly respected figure in shipping circles and his death will be very much regretted by his wide circle of friends and business associates.

which he came into daily contact in connection with Exchange issues, he was held in high repute.

Mr. Gifford played a notable part in the affairs of his own profession. He was a Fellow of the Chartered Institute of Secretaries, and was for some time chairman of the Glasgow branch of the Institute.

LIPTON'S TEA HINTS

There is nothing easier than to make tea well—except to make it badly. So here are some hints on how to make the best of it.

BUYING TEA. Tea is the cheapest and most economical drink in the world. From one pound of good tea you can brew as many as 200 cups. And it pays in the long run to buy good tea because it is more economical to use, and the difference between the cost of one cup of poor tea and one cup of good tea is so infinitesimally small as not to matter. But there is all the difference in the flavour and it is the flavour that is really the luxury that everyone can now afford.

STORE TEA IN AN AIR-TIGHT CONTAINER. Tea loses its flavour if it is exposed to the air for long, especially in a moist climate. It ought to be kept in a caddy, or in a glass jar with a screw top, or in clean tin.

USE THE RIGHT KIND OF TEA-POT. Nothing compares with an ordinary brown earthenware tea-pot for making good tea. This should be carefully cleaned, not just rinsed, to remove all stains and dried after use. When cleaning don't forget the spout; a small brush will come in handy for this.

MEASURE THE QUANTITY OF TEA CAREFULLY. "One teaspoonful per person and one for the pot" is a sound old-fashioned rule that has never been beaten. But if good tea is used there is no need to allow "one for the pot," unless very strong tea is wanted, for good tea is more economical than cheap tea.

USE ONLY FRESHLY BOILED WATER. Take care to warm the pot thoroughly before putting in the tea. Then pour on freshly boiled water—not water that has been allowed to simmer. Better tea will be made if the kettle is kept free from the lime or chalk deposits of hard water.

ALLOW FOUR MINUTES FOR INFUSION. Pour freshly boiled water on to the leaves until the tea-pot is full, but don't pour out the tea into cups until you have allowed it to stand for at least four minutes. The lid, of course, should be put back as soon as the water is poured into the pot, and then the whole should be covered with a cloth. Don't forget that tea should never be allowed to "steep." If it is allowed to stand too long tea loses all its virtue and its flavour.

ROBBERY AND
MURDERAlleged Local
Incident

A gruesome story of a double murder committed on board a sampan in the waters of the harbour, followed by theft of money and jewellery to the total value of \$2,300 has been related to the authorities here by Lam Shun Loi, a 78-year-old widow, describing herself as a native of Sham To Chuk village, Wal Chan district, who was on her way back to the land of her birth, after a sojourn in Sarawak for 47 years.

The robbery and murder was stated to have taken place on February 1, but was not brought to the notice of the police, until February 6, when the woman herself interviewed the authorities. She cannot name her assailants, and the work of the Police has not been lessened by her vagueness in several other important features.

The woman claims to have arrived in Hong Kong on February 1 on a vessel, the name of which she is unacquainted. The vessel anchored at a buoy in midstream, about 6 p.m. She went ashore in a sampan manned by three Chinese, and she was accompanied by two Chinese males, Wong Shan, 71 years of age, and Wong Ching, 32 years of age, who travelled with her on the vessel from Singapore.

THE ATTACK

They were being towed towards Hong Kong when two men in another sampan came along side and boarded their craft. The two newcomers demanded money and when it was not forthcoming, they struck her travelling companions with pieces of wood, rendering them unconscious. The assailants then changed clothes with the unconscious men, putting on the old clothes of the latter before throwing them into the harbour.

Two pieces of iron a foot long each, and 2 inches thick, were tied around them, so that the bodies sank immediately.

The murderers then ransacked the sampan, and from a wooden box belonging to Wong Ching, they extracted \$1,000. In another box the property of Wong Shan, they took \$800 and from a cash box, belonging to her, they stole \$420 and three gold rings valued at \$30 each.

LANDED

The emptied boxes were then thrown over-board. The woman was taken and landed in Hong Kong at a place unknown to her. Who her assailants were, the name of the vessel that brought her to Hong Kong, the number of the sampan in which she was taken ashore, and the number of the sampan from which the robbers boarded her craft, all of which the woman cannot remember.

The authorities are doing the best they can with the meagre details afforded them, and inquiries late last night elicited the fact that no bodies, as yet have been recovered from the harbour.

ment Certificates of Indebtedness in Hong Kong during the month ended January 31, as certified by the managers of the respective banks, as follows:—

(In addition securities are deposited with the Crown Agents valued at \$190,000, consisting of 44 per cent. Conversion War Loan, 1940, at the latest market price of which was 1114-1123).

amount of Bank Notes in circulation and of Hong Kong Government Colonist-Treasurer gives notice in the "Government Gazette" that the figure representing the average opening selling rates for the month of January 1936 of the Hong Kong and Shanghai Banking Corporation for demand drafts on London is settled at 1548.

WEDDING BELLS

Stewart-Everall

A wedding of unusual local interest was solemnised on Saturday afternoon at St. John's Cathedral when Miss Joy Everall, the elder daughter of Mr. and Mrs. H. R. Everall of Chislehurst, Kent, and late of Shanghai, became the bride of Mr. George Anthony Stewart, son of the late Col. J. A. Stewart and of Mrs. Stewart.

The Rev. H. W. Barnes officiated. The bride looked charming in an Ivory French lace over satin dress, with Bishop sleeves, short full train, pearl girdle and a spray of orange blossom at the neck.

Her veil was of tulle held in place by a coronet of pearls. The bride's bouquet composed of white sweet-pea and lilies-of-the-valley.

The bridesmaids were Miss Eve O'Hagen and Miss Audrey Steele and the smaller bridesmaids were Misses Pauline and Susan Owen Hughes.

The elder bridesmaids wore dresses of Apple green French Crepe, flecked with gold and pale gold caps, while the younger bridesmaids' dresses were of Apple-green Kate Greenaway dresses with wreaths of small yellow flowers in the hair. They carried bouquets of Shirley Poppies and posies of pale yellow flowers respectively.

After the reception at the Hong Kong Bank Building the happy couple left for their honeymoon which is being spent in the Philippines.

The bride was given away by Mr. V. M. Grayburn, Chief Manager of the Hong Kong and Shanghai Banking Corporation, and Mr. G. S. Dunkley, also of the bank's staff, was Best Man. The Groomsman were Messrs. T. A. Pearce, P. H. Scoones and A. H. R. Butcher.

WALKER-MOORE

The Cathedral was the scene of another wedding on Saturday when Mr. John Erskine Walker, third son of the late Mr. Quentin Walker and of Mrs. Walker, of Aberdeen, Scotland, was wedded to Miss Gladys Margaret Moore, second daughter of Mr. and Mrs. Thomas Moore of Egham, Kent, England. The Rev. Cyril Brown officiated.

Mrs. Felix Joseph, who wore a handsome gown of turquoise crepe marocaine, was matron of honour; the duties of best man were performed by Mr. A. V. Kinchin, manager of the Jockey Club stables; and little Miss Wendy Joseph, in pink georgette and carrying a posy of roses and violets, was the flower-girl.

Mr. Lindsay Lafford, F.R.C.O., L.R.A.M., presided at the organ.

The bride, who was given away by Mr. Felix Joseph, looked charming in amber satin. Her bouquet was of African daisies to tone with her dress.

A reception was held after the ceremony at "Endville," Repulse Bay, the residence of Mr. Felix Joseph, after which the happy couple left for Fanning, where the honeymoon is to be spent. The bride's travelling dress was a suit of brown crepe marocaine.

ALVARES-REMEDIOS

A pretty wedding was solemnised at the Rosary Church on Saturday when Miss Patricia Mercedes Remedios daughter of the late Mr. and Mrs. J. J. dos Remedios, became the bride of Mr. Jose J. F. Alvares. The Rev. Father I. M. Rossi officiated.

The church was very tastefully decorated for the occasion and Miss J. Dixon, at the organ, rendered appropriate music.

The bride looked charming as she entered the church on the arm of her uncle, Mr. H. H. Remedios, by whom she was given away. Mr. A. F. B. Silva-Neto and Mr. A. W. da Rosa were the groomsmen.

After the wedding a reception was held at the home of the newly-wedded pair, at which a large number of relatives and friends were present.

NAVAL TALKS TO
CONTINUE

FOUR-POWER BASIS.

Limitation By Size
Of Ships

At Wednesday's meeting of the First Committee of the Naval Conference, and for reasons that are already sufficiently well known, the Japanese claim for equality of security through a common upper limit of naval tonnage was finally rejected by the four other Powers concerned. As a result Japan has left the conference, though it is believed observers will watch its proceedings on her behalf.

It is idle to suggest that her decision is not a disappointment. However, it has come as no surprise. At the same time, the conference is not dead, or even moribund. It continues on a four-Power basis, with the British Empire, the United States, France, and Italy still at work in their examination of the various proposals already put forward for the purpose of preventing a race in naval armaments and the springing of any surprise in the way of new construction which may put a whole class of ships out of date at a blow.

BUILDING PROGRAMMES.

As originally proposed, the British proposal was that all the Powers should make known their building programmes for six years in advance, and that full information as to the tonnage, speed, armament, and other details of new ships should be exchanged. This idea was supported in principle by the United States, France and Italy, however, demurred. In their view, the instability of the naval situation made six years too long a period. A year or six months was preferable. Moreover, now that Japan has definitely left the conference, and will have an entirely free hand after the expiry of the Washington and London Naval Treaties, it may be that the tabling of programmes for six years ahead may no longer be acceptable to Britain and the United States.

But there is no reason whatever to suppose that some workable system of declaring programmes and exchanging information that will suit all the four Powers cannot be evolved. Indeed, agreement has already been reached on main principles, while a sub-committee is at work co-ordinating the British, French, and Italian plans into one comprehensive whole. Progress has been rapid so that it is understood there will be preliminary conversations on qualitative limitation at the next meeting of the First Committee at 11 a.m. on Tuesday.

QUALITATIVE LIMITATION.

At the time of the Washington Conference in 1921 naval minds were thinking in terms of huge ships of 30,000 tons displacement armed with 18-inch guns. Quite apart from scrapping a large number of vessels, and limiting navies on a system of ratios and aggregate tonnage, the Washington Treaty brought a genuine reduction in the size and gun-power of individual ships. In the last fourteen years, however, it has been realised that the "Washington" maxima are unnecessarily large, and there has always been a tendency to build up to the limits. Capital ships of 20,000 tons with 16-inch guns; aircraft-carriers of 27,000 tons with 8-inch weapons; and cruisers of 10,000 tons with 8-inch are definitely too large and too costly for most nations. Moreover, with very large ships there is always the difficulty of providing the requisite dock accommodation, particularly abroad. The size of the three varieties of ships mentioned, and the calibre of their guns, can substantially be scaled down without in the least affecting the naval security of any nation, and with the added advantage of an all-round reduction in the burden of armaments.

Japan, which already spends about 47 per cent. of her national income on her fighting services, is genuinely anxious for a reduction in naval expenditure. Other Powers do not agree to her designation of capital ships, large cruisers, and aircraft-carriers as "offensive," for the reason that ships are offensive or defensive according to the manner in which they are used. Nevertheless, it is hoped that Japan also will adhere to any qualitative limitations which may be brought about by the Powers remaining in the conference. Germany, Russia, and other naval Powers must also eventually be invited to become parties to any treaty of qualitative limitation which is entered into by Britain, France, and Italy.

THE WESTERN PACIFIC

The present conference is entirely naval. The Washington Treaty, however, which Japan has denounced, provided for the maintenance of the *statu quo* in regard

CHARITY
CONCERTGood Entertainment
By Liga Portuguesa

Under the distinguished patronage of the Portuguese Consul General, Dr. Alvaro Brilhante Laborinho, the Liga Portuguesa gave the second of their Charity concerts at the Club de Recreio on Saturday and the attendance was so large as to overflow the hall.

The concert was a great success and the numerous items received prolonged applause which resulted in many enclosures being given which lightened the programme to some extent.

Mrs. Amalia B. Marques was responsible for some very fine singing and this with her other parts aided in no small manner to the success of the evening.

Two small plays which were well enacted kept the audience in a continuous gale of laughter. In the second of the two, Lobato Faria (Mrs. Marques) exceeded herself in the part of the foolish servant.

The concert was a success in every way and it augurs well for the "schooling fund" of the Liga Portuguesa and as funds are urgently needed it is hoped that those who have not sent in their donations as yet will do so at the earliest convenience.

EVEREST ONCE MORE

For the new endeavour to conquer Everest, of which he is the leader, Mr. Hugh Rutledge tells us he has more hopes of success than ever. As it was he who led the heroic adventure of 1933 there can be no better judge. When he came back then from glorious failure he declared that the knowledge which had been won justified better "that the ascent is possible, given good weather." In the organisation of this fifth expedition by the Mount Everest Committee no effort which clearly-bought experience could suggest has been spared. A reconnaissance was sent out over the ground last year. The expedition is limited to 12 men, but 10 of them have proved themselves in the Himalayas and nine have already been on Everest. The distance from the summit of the camp from which the final climb has to be made is clearly of the first importance. The 1933 expedition, after gallant work by native porters, established their sixth and last camp at 27,400 feet. This year Mr. Rutledge intends to build a seventh camp four hundred feet higher.

Even so, the climbers chosen to press the assault now will have 1,200 feet to ascend. It is calculated that to go up and return to camp again must take fifteen hours. They must start before sunrise, and are not likely to get back till after dark. To make this seventh camp will be a "tremendous job." For the climbers beyond, there remains still a task demanding the utmost endurance and skill and courage. The men of 1916 know a good deal more about the structure of the last 1,500 feet of Everest than anyone did on the earlier adventures. Weather is the incalculable hazard. In 1933 the expedition had hardly one complete fine day. To give a climber even a fair chance three are thought to be necessary.

GREAT SOLDIER PASSES

Lt. Gen. Sir George Fowke

Dinard, Feb. 9.

The death has occurred of Lt.-General Sir George Fowke, a distinguished soldier of the South African War and the Great War, in his 72nd year.

A son of the late William Villiers Fowke, of Sailing Grove, Essex, he passed out of Woolwich and entered the R.E. in 1884, gaining the rank of Captain in 1892, Bt.-Major in 1900, Bt.-Lt.-Colonel in 1902, Major-General in 1915, and temporary Lieut.-General the following year.

He was director of Public Works in Transvaal and member of the first Transvaal Legislative Council from 1902 to 1904. From 1906 to 1908 he was instructor in Fortifications, School of Military Engineering, later A. A. G. for R.E. at War Office and Inspector R.E. until the outbreak of the Great War.

WAR SERVICE

He served in the South African War, 1899 to 1902, being mentioned in despatches four times, receiving Brevet of Major and Lt. Colonel, Queen's medal and King's medal with clasps.

While attached to the Japanese Army in Manchuria during the Russo-Japanese War of 1905, he received the Japanese War medal and Order of the Sacred Treasure. He was Engineer-in-Chief to the British Expeditionary Force in France from 1914 to 1916, Adjutant General in France from 1916 to 1919, being mentioned in despatches eleven times, and awarded the C.B., K.C.M.G., K.C.B., Legion of Honour, Croix de Guerre, and Order of Leopold, Belgium, besides Portuguese and United States decorations.

He retired in 1922 after holding the position Colonel Commandant of the R.E. in 1921.

If Gossip We Must

(By "ONLOOKER")

The preview of Mr. Koho Sonobe's beautiful pictures at the Gloucester on Tuesday was thoroughly enjoyed by the lucky people who had received invitations. There is no tonic in the world to equal a sight of undiluted beauty of line and colour, and Mr. Sonobe's work is utterly satisfying in its perfection of detail, and that rare quality which is best described as "spiritual" which seems to breathe life into all his pictures.

Our kind host and hostess Mr. and Mrs. Midzusawa greeted us on arrival, and introduced us to Mr. Sonobe himself. His Excellency, Sir Andrew Caldecott obviously admired the pictures, and like most of us seemed particularly taken with the fish studies which had a lovely translucent appearance.

"So cool to look at in summer!" as somebody aptly remarked. Sir Shouson Chow and the Hon. Mr. N. L. Smith were together, and Lady Shenton-looking charming as ever—was in her element at a picture show. We envied her the real knowledge which she could bring to bear on the style and technique of those masterpieces.

Later, when we were having tea, I saw Mrs. van Wylick looking extremely smart in black. The prize giving at the French Convent School was a great event—especially for the small people who received those lovely hooks. Mrs. Sayer gave away the prizes, and in company with all the rest of us looked as if she thoroughly enjoyed the whole entertainment. The pupils sang and played for us with a marvellous absence of self consciousness, and when the "Babies" did their Nursery Rhyme number the applause was terrific.

Tennis enthusiasts collected at the U.S.R.C. on Saturday afternoon

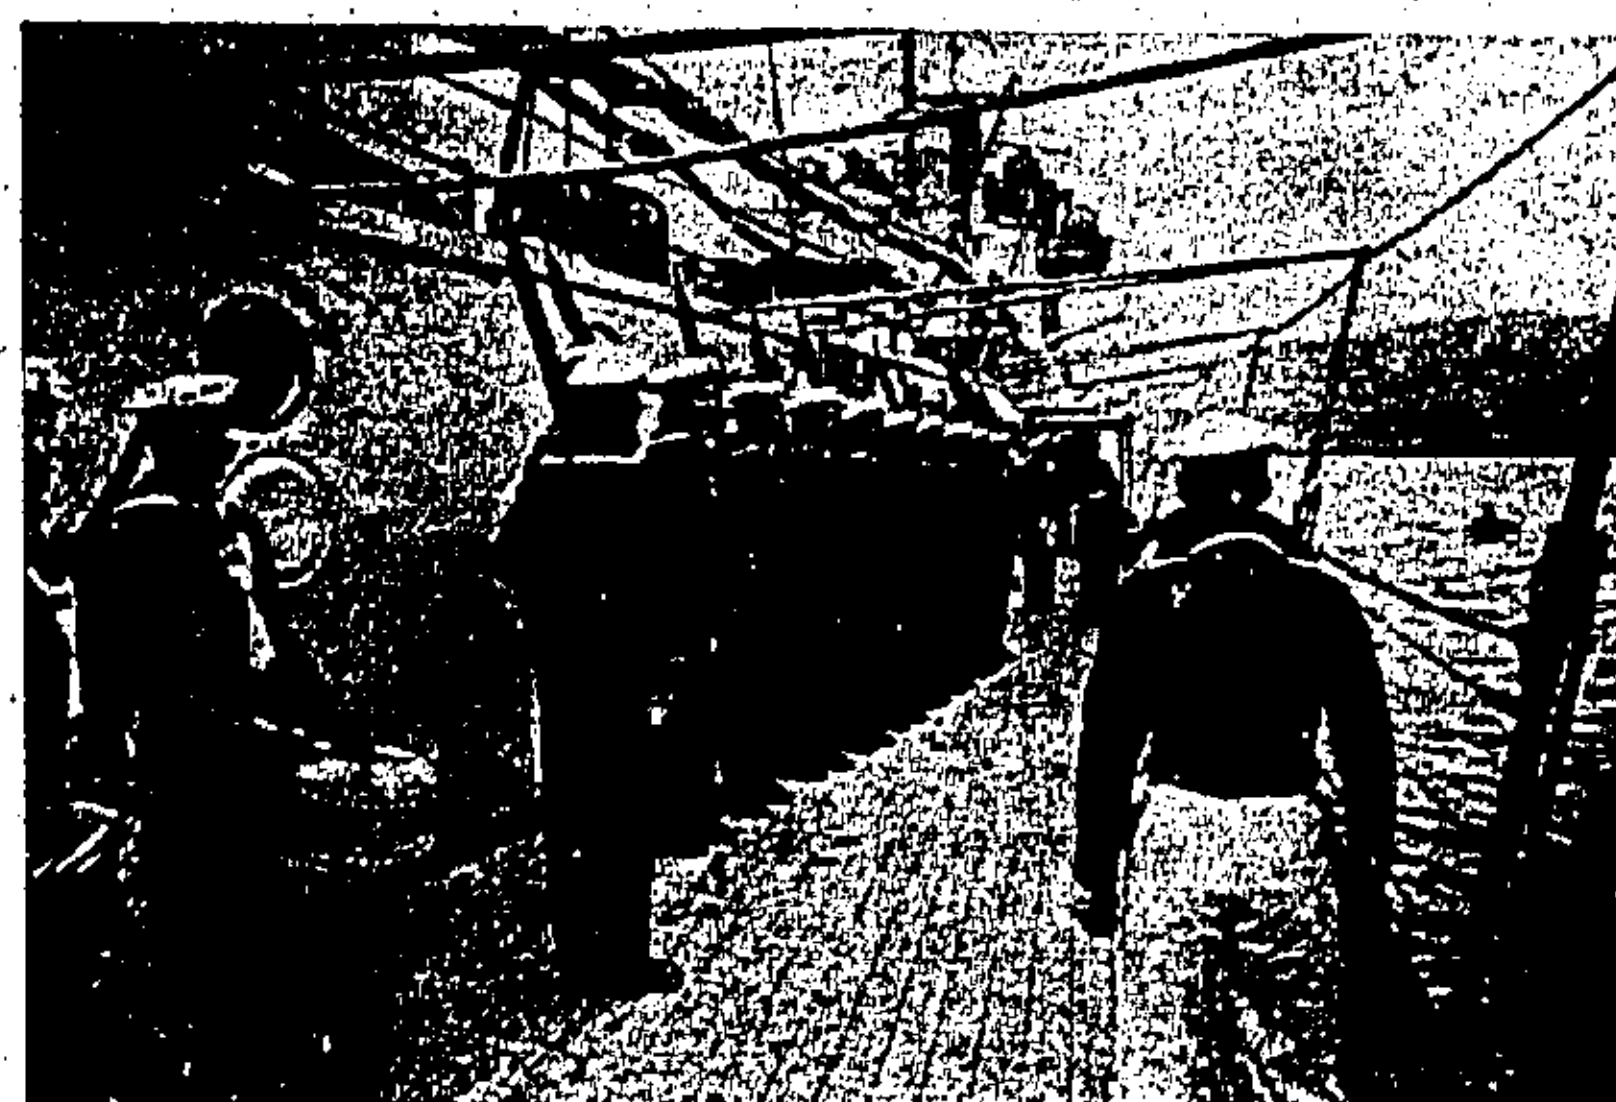

On board the German cruiser Karlsruhe

to watch the finals of the club tournaments, which were played in brilliant weather and under ideal conditions. The Ladies doubles from the spectators point of view was the best game of the afternoon when Miss Rosamund Hancock and Mrs. Wilson beat Mrs. Dowling and Mrs. Kayll, they all played brilliantly and it was a most exciting match to watch, at one time it looked very much like running into a three set match. H.E. Sir Andrew Caldecott was watching with great interest and afterwards had tea in the club house. Major General and Mrs. Bartholomew were also there, the latter presenting the cups at the conclusion of the match. Brigadier and Mrs. Seth-Smith brought their pretty niece Elizabeth Walker who was in bottle green. Mrs. Morris, in black and white had with her Sylvia and Valerie who have just returned from Singapore, both looking very fit and having thoroughly enjoyed themselves. Mrs. J. J. Paterson was with Miss Cavanagh both looking smart in tweeds. Wing Commander and Mrs. Bishop were watching the tennis together and Mr. and Mrs.

Stafford-Smith brought their niece Miss Saville.

Saturday night is never quite complete without looking into the Hong Kong Hotel even if it is only for a short time. On Saturday a large crowd collected on the Roof Garden to watch the farewell "cabaret of 'Les Girls.'" The first floor was equally crowded and a number of people divided their time alternately between the two. Mr. and Mrs. Turner were to be seen in a large party on the Roof Garden which included Mr. and Mrs. Felix Joseph, she most attractive in a black gown studded with diamonds. Mr. and Mrs. Grossman, Beryl and Betty Fair and several others. Elizabeth Monkton I thought looked quite her best in a well cut gown of silver lame which suited her beautifully. Lt. Commander and Mrs. Fawkes brought a small party which included Wing Commander and Mrs. Bishop and Mrs. Hater, Mr. Jack Macgregor, who we are glad to have back with us once more, arrived later in the evening. Audrey Steele who had previously been a bridesmaid came on to the Hotel in her bridesmaids dress of turquoise blue and a cute little cap of gold lame which she wore throughout the evening. Ann and Diana Dodwell were in the same party and Vera Crampell too, with Tiny Munro, Alec Pearce and one or two others. Rosamund Hancock in spite of her strenuous match during the afternoon was there looking as fresh and pretty as ever in blue.

Sheila Dewsnap sailed for England on the Chitral on Saturday and will be very much missed here by all friends, but we hope to see her again when we get home and perhaps be able to attend her wedding. She had a number of people to say goodbye to her, and we watched her leave with many regrets but wishing her good luck.

LOCAL AND GENERAL

The R.E.O.C.A. Whist Drives and Tombola are being resumed to-day commencing at the usual time 8.30 p.m. prompt in the Central Dining Hall, Wellington Barracks.

A dinner dance in honour of Mr. and Mrs. Bradbury and Mr. and Mrs. H. Beer will be held at the Craigengower Cricket Club on Wednesday, February 19, at 8 p.m. Mr. and Mrs. Bradbury will be away for a short vacation, while Mr. and Mrs. Beer will be leaving the Colony shortly and will not be coming back. After dinner there will be a presentation to Mr. Beer.

The following telegram was received by H.E. the Governor from the Secretary of State for the Colonies on Friday:—"I have laid before the King your telegram conveying from the Members of the Legislative Council and the people of the Colony a resolution of homage to His Majesty. I am commanded by His Majesty to request you to convey to the Members his deep appreciation of the sentiments of loyalty and affection expressed in this resolution."

The Royal Engineers' Old Comrades Dance which was held on Saturday night at the China Fleet Club was a most enjoyable affair. The dance band of the Royal Ulster Rifles gave a special programme of "Old favourites." The guests of the Association were the members

of the crew of the Karlsruhe. Another dance will be held next Saturday, when the crew of the Karlsruhe will again be invited to attend.

Enquiries made at the Kowloon Hospital regarding the condition of Miss Irma Hadley, who has been seriously ill for the past few days, elicited the news that the patient was "fairly comfortable."

The prize winners at the whist drive held by the Craigengower Cricket Club on Saturday night were:

Ladies: Mrs. Paul and Mrs. Cuttill;
Men: Mr. Evans and Mr. Tollervey.

Traffic was held up for nearly fifteen minutes on Saturday afternoon at about 2 o'clock when Bus No. 608, travelling westwards, caught fire near the Wellington Barracks.

The fire started in the engine and though a number of chemical extinguishers were used, the bus was soon enveloped in smoke and it was only after some time that buckets of water were obtainable from the barracks nearby and with the assistance of Servicemen the fire was extinguished. The damage done to the body of the coach did not appear to be great.

One case of Diphtheria, and two cases of Typhus Fever were reported to the Health Authorities for the 24 hours ended Friday.

At to-morrow's meeting of the Rotary Club, the Rev. K. MacKenzie Dow, the newly-appointed minister of Union Church, Hong Kong, will be the speaker, and his subject will be "Beneath the Bows of the 'Queen Mary'". In this address, Mr. Dow will speak on aspects of his work in the ministry in the district of Clydesbank where the giant Cunard-White Star liner is being built.

The forthcoming wedding is announced of Mr. Dmitry Ivanovich Glazounoff, Police Guard, and Miss Elizabeth Andrew Trachenko, residing at 7 Hankow Road, 1st floor, Kowloon.

There will be a meeting at the Garrison Lecture Hall to-morrow at 8.30 p.m. to form a local branch of this Association—a body which comprises both serving and ex-members of the Corps. All who have been in any way connected with the Corps are invited to attend.

The Japanese cruiser Idzumo returned from exercises at Blas Bar on Friday, and the Japanese gunboat Soga, with Admiral Okawa on board, also returned from Canton on Friday. The two vessels met outside Green Island and the Admiral transferred his flag to the Idzumo, by which vessel he then sailed, probably for Formosa.

FLANDIN REPORTS TO COUNCIL OF MINISTERS ON PARIS DISCUSSIONS

Franco-Russian Pact Explained

London Market Sounded On Loan

Special to the "Hong Kong Daily Press" (Copyright.)

Paris, February 8. At the Ministerial Council held here on Saturday under the chairmanship of President Lebrun, Foreign Minister Flandin gave an exhaustive report on the diplomatic conversations which have now finally come to an end with the departure of the Czechoslovakian Premier, Hodza, and Prince Regent Paul of Yugoslavia, on Saturday.

M. Flandin then explained the main features of the Franco-Russian mutual assistance pact, which will come up for ratification by the Chamber on Tuesday. This pact is open to all, declared the Foreign Minister according to semi-official report, adding that it conformed with the existing assistance pacts and that the obligations it imposed on France were definitely limited, not coming into force automatically but only after the decision of the League of Nations Council.

The remainder of the session was taken up with the report by Finance Minister Regnier and the consideration of the best means of raising seven milliard francs, which the Exchequer needed till June 1, the probable commencing date of the new legislative period.

Three possibilities were reviewed: 1, the issuing of new short-term treasury bills; 2, the floating of an internal loan; 3, a foreign loan.

The first two methods, the Minister pointed out, naturally depended on the situation of the French money market and though no decision was taken, most of the members of the Cabinet, it is stated, favoured the short term treasury bills.

This measure, however, is unlikely to prove adequate and in political circles it is thought that

sooner or later the Government will take up a foreign loan. Financial circles in London have already been sounded on this question.

LOWER INTEREST

Paris, Feb. 8. Confirmation that the French Government approached the London market for a loan was given by M. Regnier, Minister of Finance, at a meeting of the Chamber Finance Commission. He said the reason was that it was possible to borrow at a lower rate of interest than in the French money market. No decision has yet been taken as the conversations are still in a phase of technical study.

M. Regnier added there was no question of making the loan dependent on economic concessions to Britain.

ENGLAND TO THE CAPE

Tommy Rose Off On Last Stage

Bulawayo, Feb. 9. Flight-Lieut. Tommy Rose, who is attempting to break the record of Mrs. Amy Mollison in the England-Cape town flight, and who resumed his flight from Kisumu at 9.25 a.m. local time on Saturday, missed Salisbury owing to a tropical rainstorm and was forced to land seventy miles southward. He returned to refuel and immediately took off to Kimberley. He passed over Bulawayo at 7.34 a.m. G.M.T., flying at a high speed.

FINAL HOP

Kimberley, Feb. 9. Rose arrived here safely and took off at 4.25 p.m. on the last stage of his flight to the Cape.

EVENTFUL JOURNEY

An earlier British Wireless message stated: Flight-Lieutenant Rose, who is attempting to beat Mrs. Mollison's record of 4 days 6 hours and 50 minutes for the flight from England to Capetown, left Kisumu, Kenya, Saturday on the next stage of his flight at 9.25 a.m. local time.

He left Lympne at 12.25 a.m. G.M.T. on Thursday, flying the Miles Falcon monoplane in which he won the King's Cup air race last year. Just as he landed at Alimpa aerodrome, Cairo, on Thursday evening his engine cut out, his petrol supply being exhausted.

On the way from Cairo to Khartoum, he was forced down 50 miles south of Halfa and lost some time before taking off again. He reached Kisumu at 8.5 local time on Saturday morning.

ST. VALENTINE'S DAY GREETINGS

Post Office Innovation

London, Feb. 9. Another innovation has been made by the Post Office in the form of greetings in telegrams. Greetings for St. Valentine's Day, which will be celebrated on February 14, can be sent on a telegram form with special St. Valentine's design drawn by the famous artist Rex Whistler.

NATIVE RIOTS IN AFRICA

European Officer Among Killed

Nairobi, Feb. 9. In addition to one Asiatic police officer killed in the riots which was the outcome of agitation over the Government's rules for grading copra, one European police officer has since died from wounds received in quelling the riots. He is Ian Rolleston, aged 34, acting District Commissioner, only son of Sir Humphreys Rolleston, Physician Extraordinary to King George.

Besides the death of Rolleston, the acting Commissioner of Police, L. E. Skinner, was seriously wounded with sword cuts.

Several native police and rioters are reported to be dead. Europeans enrolled armed as special police.

The Police Commissioner in Tanganyika has flown to Zanzibar from Dar-es-Salaam in view of Skinner's condition.

ARABS IMPRISONED

Zanzibar, Feb. 9. Seventy five Arabs who participated in rioting have been imprisoned in the hold of a Government steamer anchored at a safe distance from the shore. The island is now quiet.

FREE LEGAL AID FOR POOR PERSONS

London, Feb. 8. The issue of the annual report on poor persons procedure by the Law Society marks the close of the first ten years in which the administration of the High Court in poor persons procedure has been carried out voluntarily by the Society together with the provincial law societies representing the solicitors' profession. In that period some fifty two thousand applications have been considered and sixteen thousand actions have been conducted—in the great majority of cases successfully—entirely gratuitously for poor persons.

DESSIE AGAIN BOMBED

Attempt To Kill Emperor

Dessie, Feb. 9. In a further attempt to kill the Emperor, seven Italian Caproni bombers appeared over Dessie this morning, swooped while flying low and bombed the city and surrounding hamlets with incendiary and high-explosive bombs for over an hour. Several bombs fell near the Palace, but the Emperor, who refused to take cover, was not hit.

It is stated that the raiding planes were hit by rifle fire several times, but none were brought down.

The extent of the total damage is not yet known. No foreign casualties are reported so far.

MUSSOLINI'S VIEWS OF OTHER NATIONS

Rome, Feb. 8. A trenchant phrase regarding colonies was made by Il Duce in an interview with a German press representative. Mussolini stated: "There are nations which have everything and we have none. They maintain their status quo and if anyone tries to upset them they meet with an united front."

This recalls the part of Dr. Goebbels' speech wherein he said "we are a poor nation and the rest of the world are rolling in wealth."

BACHELORS TAXED IN ITALY

Rome, Feb. 9. A bachelor tax in Italy will in the future be levied on unmarried persons, the heaviest rate falling on those between the ages of 30 and 55 according to the decision of the ministerial council which was just held, the reason for the change being that this period of life is the most favourable for marriage.

Thus the unmarried persons between these ages will be taxed the heaviest, namely 150 lire, but after the age of 55 unmarried persons will no longer be taxed for the renunciation of marital bliss.

SINGAPORE MILITARY TO BE STRENGTHENED

Singapore, Feb. 9. Plans for trebling the strength of the military forces in Singapore were announced by the military authorities. The 1st Battalion, Middlesex Regiment, which will arrive from Egypt in April, will be strengthened by the addition of a machine gun unit, while an additional battalion of the Argylls Regiment is expected to arrive later in the year.

FRENCH DOCK WORKERS MAKE PEACE

St. Nazaire, Feb. 9. Consequent on the proposals by employers involving maintenance of salaries and abolition of the proposed cuts, a meeting of 2,500 shipyard workers decided to terminate the strike vote to be taken at Havre, Brest and other strike centres this afternoon.

BY-ELECTION RIVALS

Ross And Crbmarty Contest

London, Feb. 8. Polling takes place on Monday in the by-election in Ross and Cromarty in which the Dominions Secretary, Mr. Malcolm MacDonald, stands as National Government candidate and is opposed by Mr. Randolph Churchill, Conservative as well as official Labour and Liberal candidate.

The campaign, which was interrupted for several days in respect for memory of the late King, has been remarkable for the difficulties imposed on all candidates by severity of weather conditions. Motor cars have been ditched or had to be abandoned on slippery roads or in snowdrifts on several occasions and some parts of the wide and mountainous areas of the constituency have been reached by candidates and their supporters only after adventurous journeys, sometimes by boat.

The main issues in the by-election have been concerned with agricultural policy.

FILM STUDIOS DAMAGED

Disastrous Fire At Elstree

London, Feb. 8. A disastrous fire this morning extensively damaged the studios of the British and Dominions Film Corporation, Limited at Elstree. Flames were noticed at 2 a.m. and spread very rapidly. Hundreds of firemen rushed to the spot to fight the blaze which was visible for miles and attracted a thousand motorists.

The workers in the studios pluckily rescued the films and valuable camera equipment.

Two studios of the British International Pictures were also damaged before the outbreak was brought under control at 5.30 a.m.

TRADES UNION CLOSURE

Appeal Rejected In Danzig

Danzig, Feb. 8. One of the complaints of the opposition parties have recently dealt with the negotiations in Geneva, concerning the ordinance of the Chief of Police on December 7 last dissolving the Marxist Trades Union Association in Danzig, which was accused of subversive activities.

After the outcome of the Geneva proceedings, the management of the Association lodged with the Appeal Court of Danzig, a demand for issue of an injunction rescinding the Chief of Police's ordinance. This demand was rejected by the Court on Saturday.

The Court based its decision on the fact that in a journal published by the Association "The Worker," the allegation was repeatedly made that the National Socialist Government of Danzig was forcing the workers of the Socialist Party to take up jobs of the Reich, thus reducing the strength of the Socialists. In Danzig, while the positions offered in the Reich gave serious grounds for dissatisfaction.

SWEDISH KING LEAVES LONDON

London, Feb. 8. The King of Norway, who with Queen Maud has been staying at Buckingham Palace since the funeral of King George, left London today on his return to Norway.

ITALIAN AIR FLIGHTS

Ethiopian Circles Puzzled

Addis Ababa, Feb. 8. The Abyssinians confess themselves to be mystified by the prolonged reconnoitring air flights in Ganale Doria by the Italians during the last few days to places which have no military value whatsoever.

The only feasible conclusion is that the Italians are taking photographs of the territory, especially as the flights pass frequently over Addis Ababa and the Jibuti Railway.

In the direction of Makale the Italians are working feverishly at road making, the particularly weak places being strengthened with concrete.

Owing to the nearness of the great rains, the Negus has ordered Tekle Hawariate to put 30,000 men to work making the great caravan roads at right and left of the Jibuti railway.

DESTA'S SUCCESSOR

Milan, Feb. 8. The Abyssinian Minister of the Interior, Gabre Mariam, has been appointed as Ras Desta's successor, according to reports in the Italian papers, which state that the new Commander has already left the capital for the province of Sidamo, where he will organise the remnants of Desta's army.

GAS AS MOTIVE POWER

German Experiment With Tugboats

Essen, Feb. 8. The great national campaign now in progress in Germany for ameliorating the economic situation, caused by the shortage of foreign currencies necessitating the restriction of the import of raw stuffs such as mineral oils, has already led to many surprising and unexpected results.

One of the most curious successes just announced is the use of gas for driving the tugboats belonging to the state stevedoring monopoly on the River Rhine. Trials were based on experience acquired during the past year with a model tugboat Harpen 1, belonging to Harpener Bergbau, which is a mining company. The diesel motors were driven with gas generated from coke dust instead of with the customary crude oil.

Three tugs of this type to be run by gas, just ordered by the river administration at Muenster, are to develop 250 horse power and perform the same service as the standard tugs used on Dortmund-Canal, attaining a speed of four knots per hour.

eral of King George, left London today on his return to Norway. Queen Maud is remaining in England meantime and has gone to stay in Norfolk for a few days.

Sugar Industry And Education Bills

Labour Party To Offer Opposition

London, February 8.

In the House of Commons on Monday the Government's bill to give effect to proposals for reorganisation of the sugar industry announced last summer will come up for the second reading. The bill provides for appointment of a permanent sugar commission with the duty of keeping under review the growing of sugar beet and manufacture, refining, marketing and consumption of sugar with advisory functions primarily but limited executive authority in certain technical matters.

Beet sugar manufacturing companies are amalgamated in a single corporation which will be obliged to purchase home-grown sugar beet upon terms either agreed with the growers' organisation or fixed by the sugar commission.

The bill authorises payment of assistance to a corporation not limited by time but by quantity, namely in respect of not more than the equivalent of 550,000 tons of white sugar in any year so that the corporation may pay the growers of sugar beet at contract price. The cost of assistance for 1936 is estimated at £2,700,000.

The Labour Opposition will move the rejection of the bill on grounds that it perpetuates the sugar beet subsidy and, while devoting public money to promotion of private interests, fails to provide for public ownership and control of the sugar industry.

Two days of the Commons' time later in the week will be devoted to education.

Private members' motions to be debated on Wednesday deal with educational topics and on Thursday the President of the Board of Education will move the second reading of the Education Bill which provides for raising of the school leaving age.

The Labour Party will also oppose this measure claiming provisions of exemption will render the higher age limit inoperative.

INVASION OF HOLLAND

Mischievous Articles In Press

Berlin, Feb. 8. "Voelksischer Beobachter" the official organ of the National Socialist movement in Germany, publishes on Sunday on the front page a report from its Rotterdam correspondent headed "New march through" mischievous making in Holland" setting forth the contents in two highly sensational articles written by Edgar A. Mower, former Berlin correspondent for the "Chicago Daily News" and author of the book "Germany Turns the Clock Back," but who was requested in 1933 to leave Germany because of his inaccurate and malicious reporting.

Mower, who is now the European correspondent for the "Chicago Daily News," recently made a stay in Holland, the result being the two articles mentioned in the "Chicago Daily News" which appeared simultaneously in the "Nieuwe Rotterdamse Courant," "Echo de Paris" and the London "Times."

These articles, which are in the most provocative language, accuse Germany of making all conceivable preparations for the invasion of Holland at the moment another European war breaks out. They have naturally caused tremendous uneasiness in Holland and cannot but cast suspicion on the motives of Germany in all the international deliberations which are now going on and, as "Voelksischer Beobachter" points out, will go a long way towards destroying the friendly neighbourliness that has always prevailed between Germany and Holland.

In his first article Mower recounts that Germany has placed a large number of labour camps, military and sports aerodromes, motor roads, garrisons, bridges, observation posts, pill boxes and concrete platforms for the support of heavy guns, all within easy reach of the Dutch frontier.

London, Feb. 8. The London Passenger Transport Board is taking a census of passenger traffic on the underground railways next week. Afterwards particulars of some 7,500,000 journeys will have to be classified and studied. The work of sorting and analysing is expected to occupy a staff of forty for seven or eight months.

The object of the periodic census is to provide data for review of working of the whole underground station facilities.

NEUTRALITY LAW IN AMERICA

Strategic Move By Pittman

Washington, Feb. 9. Congressional leaders have abandoned the campaign for immediate enactment of permanent neutrality legislation in an attempt to bring the adjournment of Congress by May 12.

This new strategy was announced by Senator Pittman, Chairman of the Senate Foreign Relations Committee, who predicted the Committee to report promptly a resolution to extend for one year the temporary ban on shipment of arms and munitions to belligerents which expires on February 29.

Senator Pittman, who is recognised as the chief administration spokesman on neutrality, predicted that certain amendments would be passed to the temporary ban, including prohibition of loans to belligerents, with "greatly modified and restricted provision" relating to embargoes on exports of commodities, other than war materials.

The Senator added that in view of the wide divergence of opinion on the proposal, to permit the President to withdraw protection from American shipping, this part of the administration's programme was dropped.

BRITISH TROOPS IN EGYPT

Defence Measures Continue

Alexandria, Feb. 9. Despite the fact that tension in Egypt arising from the threat of Italian invasion is now practically non-existent, British troops continue to arrive. All strategic points in and around Alexandria are now occupied in force, barbed wire entanglements are being erected, barracks are being built and a new breakwater, while the harbour is being dredged for use by big ships.

Two months ago when war clouds were gathering, the Egyptians were pleased with the sight of the increase in British strength, but now the politicians are inclined to criticise the British occupation. Nevertheless if the Italian threat is renewed, the presence of British troops will be welcomed even by the extreme Nationalists. An international situation demonstrated by threats against Egypt tends to strengthen the bonds of Anglo-Egyptian friendship.

WEEK-END SOCCER

S. CHINA "B" SURPRISED

R. U. R. Inspired Display

The hitherto unvanquished South China "B" team received their first set back this season yesterday at the hands of the Royal Ulster Rifles, when they went down in a one-sided encounter by the odd goal in five. The Chinese fielded a much depleted team and were lucky to have got away with that result.

At Caroline Hill, South China "A" also with a weakened eleven managed to obtain both points from the Lyemun Gunners. But for the weak shooting of the soldiers' forward line the result might very well have been reversed. The Police-Athletic match ended in a share of spoils, while the Senior Service ran riot with St. Joseph's Collicre.

An exhilarating feature of the week-end soccer was the excellent display given by the two teams in the Governor's Cup, which ended in a draw of one goal all. The Association team was unlucky not to have snatched a victory as on the day's play they were slightly the superior team.

GOVERNOR'S CUP CLASH

S. CHINA "B" DEFEATED

(BY "PIVOT")

Playing a brand of football that was delightful to watch in every respect except when the forwards were in front of goal, the Royal Ulster Rifles defeated South China "B" on the Sookunpoo ground yesterday by three goals to two, after being on equal terms in the first half.

On a field that was slippery, and with a ball that was heavy and wet, South China tasted the first fruits of defeat, but judging from the merits of both teams on view I think that even on a dry, sunny day, South China would have gone down also, for the soldiers were superior in positional play, cohesion, and everything that goes to make up a good team.

The final score of three to two, would leave one with the impression that the game was closely contested. Such was not the case. In spite of having the best of play right from the commencement, the Ulster found themselves one down a quarter of an hour after the commencement when Yeung Pun Hong put the ball past Conner from two yards range. Doherty equalised with a header, and the teams changed over on equal terms.

TWO UP

The Ulster kept up pressure on on resumption and were finally rewarded when Hartigan sent in a rasping shot into the right corner of the net. A few minutes later McConigal took a free kick for a foul 25 yards out, and sent in a rasping shot that left Wong Wai Kai standing.

Still the Ulster were enjoying most of the play but dilly dallied with the ball while in front of the goal—a fault of the inside trio—cost them innumerable opportunities. Then South China at last broke away and Yeung Pun Hong cleverly evaded both Pickering and Stevens to beat Conner with a pile driver.

When the score read 3-1 against them South China did not look as if they would ever get a goal. Besides being well held by Campbell (centre half) Pickering and Stevens (full backs) their task was rendered all the more difficult with the inability of George Tsang to give much help, for this player had the misfortune to receive an injury early in the game that left him a mere passenger on the field.

TEAM WORK GOOD

I have rarely seen a team with such neat team work as the Royal Ulster Rifles. They tantalised with their positional play, and in mid-field once they obtained possession of the ball they held on to it until in front of the goal when invariably nothing would materialise. Numerous chances were thrown away by the inside trio who instead of taking a first timer tried to better their positions before parting with the ball. South China actually did get another goal, when Yeung Sul Yick took a free kick for a foul against Pickering, and landed a neat shot into the net.

For South China yesterday, Lam Tak Po was outstanding while

YOUNG SHU CHUNG AND LEE KAM

did Trojan work under constant pressure.

Royal Ulster:—Conner; Pickering and Stevens; McConigal, Campbell and Nelson; Brown, Doherty, Ferguson, F. W. and Hartigan. South China "B":—Wong Wah Kai; Yeung Chi Chung and Lee Kam; Yau Wa Hing, Lam Tak Po and Lau Ting Sang; Ip Yun Po, Lai Shui Wing, George Tsang, Yeung Pun Hong and Yeung Sul Yick.

SHARE OF SPOILS

A misunderstanding between O. Pile and McHardy which resulted in Pile notting his own goal cost the Police two valuable points, when they drew 3 all with the Chinese Athletic after a hard struggle on a slippery ground yesterday.

The Chinese were rather slow in settling down, but as the game progressed they improved and their forwards were ever a source of worry to Blackburn and Pile. Right from the commencement of the game the Police exerted pressure, and play had barely been in progress 10 minutes when Johnston gave the Police the lead with a neat header. Prior to this Moss had a fine chance of netting, but the left winger sent a feeble shot which was well saved by Lee Kwok-kee.

With this lead the Police were greatly encouraged and forced the pace for a long spell, the Chinese forwards tugging time and again to penetrate the defence.

MOSS FAILS AGAIN

Moss had another good opportunity of increasing the lead but again he took the kick with his right foot and failed to make the ball travel. However, a fine movement between Green and Johnston resulted in the latter striking Ho Chor Yin and crowning his effort with a hard drive which beat Lee Kwok-kee all the way.

Rain began to fall heavily before the interval, and the Athletic forwards did not seem to like the sodden state of the ground. Tang Kwong Sum on the right wing was always dangerous and some of his centres went very near the mark, but Yeung Kan-po and Wong Wing-hong were never on the spot to convert.

Shortly before the interval Yeung Kan-po reduced the lead with a fine shot. Not long after this Mun-wing took the ball upon the left wing, beat Blackburn and netted with a well placed shot just beyond McHardy's reach.

With the score at 2 all, the Chinese started the second half full of confidence and it was quite apparent that the Police were feeling the effects of the heavy ground for their play had slowed up considerably.

Pile made the sad mistake when he tried to pass to McHardy for him to clear, but he misjudged the goal's position and hit the ball too high and into the net, to give the Chinese an easy goal.

INTERNATIONAL RUGBY

Good Local Games Witnessed

As at Belfast, Ireland triumphed over England in the semi-final round of the local International Tournament, held at Causeway Bay on Saturday, when the latter were defeated by a goal and a penalty goal (8 points) to a goal (5 points).

In the other semi-final tie, Scotland defeated Wales by a goal, a try and a penalty goal (11 points) to a penalty goal (3 points) in a fast tussle. In contrast to the England-Ireland match which was featured by muffed passes, the Scotland-Wales encounter was full of thrills and the better side deservedly won.

Changes were numerous, Ireland being compelled to make three. Lt. Fraser, S. C. Archer and J. H. McElroy being absentees while Hopkins, B. Hynes and Hyams were brought in to fill the gaps. England were without Withers, who came late, Rose and Mrs. Light and Lt. Winters, who were replaced by O'Brien and Issley, two civilian newcomers. A. B. Woodman and Lt. Greene of the Navy. M. W. Scott was an absentee for Wales and Fus. Watkins was brought into the side.

The two matches played afforded the Selection Committee splendid opportunities for choosing a representative Colony side to be pitted against the returning New Zealand University fifteen, when they pass through the Colony on their way back to New Zealand some time in the near future.

SCOTLAND v. WALES

Ten minutes after the commencement Wales opened the scoring when Preece converted a penalty goal, but Bonnar went over for Scotland soon after from a 15-yard scrum. Warren converting with a fine kick to give Scotland the lead. Just before the interval Wales were penalised for off-side and Warren again kicked a goal.

In the second half Scotland enjoyed most of the play and St. Clair Ford went over in the corner for an unconverted try. Scotland and Dominions:—Lieut. Paman (Navy); H. R. McGilchrist (Club); Lt. St. Clair Ford (Navy); Stoker Warren (Navy); Sub. Lieut. Wright (Navy); J. Hutchison (Club); J. L. Bonnar (Club); M. S. Cumming (Club); J. S. Dunnnett (Club); S. H. Garrod (Club); Cdr. D. Orr. Ewing (Navy); Ldg. Sea Bell (Navy); E. B. Gammell (Club); A. D. Coppin (Club); Lt. Chapman (Navy).

Wales:—Fus. Preece (Army); L/Cpl. Jones (Army); Lieut. Rice-Evans (Army); R. H. Griffiths (Club); R. Edwards (Club); Fus. Floyd (Army); A. F. Walkden (Club); E. P. Humphreys (Club); Fus. Morgan (Army); Fus. Watkins (Army); Fus. Chaney (Army); Gnr. Wright (Army); L/Cpl. Bebb (Army).

IRELAND v. ENGLAND

In a game devoid of thrills except for the first quarter of an hour, when the English backs were seen in some thrilling movements, Ireland deservedly vanquished their opponents. Benson sent Frost over during the period of play when England was on top, only for the latter to drop the ball, when a try was certain. Later Benson was injured.

In the second half Ireland enjoyed more of the play and Knox went over from a 15-yard scrum, but also dropped the ball when a try seemed certain. Ireland went ahead when O'Leary kicked a fine penalty goal. Soon after Knox sent a long pass out to Kirkwood who sent D. Hynes away. The Irish right-centre drew Robertson before passing to Hyams, who scored wide of the posts. Gillespie, however, added the points with a very fine kick.

Just before the end the English side rallied and, following loose play, L. Corbett Harrison went over between the posts for Benson to convert.

Dr. J. A. R. Selby refereed and the teams were:—England:—Cpl. Wall (Army); Lt. J. Hopkins (Club); Surg. Lieut. Kirkwood (Navy); E. A. Hyams

LOCAL HOCKEY

Replay For Caer Clark Cup

The Hong Kong Ladies hockey team had little difficulty in accounting for St. Andrew's in a Caer Clark Cup match on Saturday and ran out winners by three clear goals.

By virtue of their victory the H.K. Ladies will now have to play off with the C.B.A. Ladies for the Trophy.

The H.K. Ladies forwards played very well together and it was their good passing movements that resulted in their being able to get through the Saints' defence to net three times.

Miss G. White for the Saints played a hard game while Miss Hance, Miss Smalley and Miss Dalziel the H.K. Ladies inside trio were dangerous throughout.

After having most of the changes in the first 20 minutes of the first half, the H.K. Ladies were rewarded when Miss J. Dalziel netted the first goal.

HARD TASK

On the resumption the Saints' defence had a very hard task in keeping the opposing forwards out of the danger zone but even so they were unable to hold out very long and after 20 minutes Miss Hance got possession and netted at close quarters.

Just before the end the H.K. Ladies went still further ahead when Miss Hance netted the third goal.

BRAWN CUP

D.G.S. In Fine Fettle

In a Brawn Cup match on Saturday the D.G.S. were defeated by the C.B.A. on the C.B.A. ground by 2 goals to nil.

The game was very interesting throughout with both sides trying hard to net, but the first half ended with the score sheet blank.

In the second half the school girls forced the pace and soon got the lead when Miss Bockler netted. Shortly afterwards Miss M. Rosa increased the lead with a good shot.

AN UPSET

The Hong Kong Ladies' second string caused another upset in the Brawn Cup on Saturday when they beat a weakened Central British Schoolgirls side by 6 goals to 3 after leading by 3 goals to 1 at the interval.

Mrs. Harrop and Mrs. Selby shared the winners' goals, while Miss A. Martin, Miss J. Booker and Miss J. Lakeman netted for the losers.

FRIENDLY HOCKEY

Brigade Beaten

In a friendly hockey encounter played on Saturday at King's Park, the Y.M.C.A. defeated a strong H.K.S.R.A. eleven by 4 goals to 1.

Moss gave an exceptionally good display in goal, while in front of him Selk and Tremlett were a safe pair of backs, the former being especially prominent with hard first-time clearances. In the intermediate line Bates, at centre-half, was outstanding.

The "X" forward line led by Brown was very speedy, though they were at times inclined to hold on to the ball too long. The inside forwards combined well and F. Fowler and S. A. Fowler were both dangerous inside the circle.

S. A. Fowler (2), Brown and F. Fowler netted for the Y.M.C.A., while Alan Sher registered the solitary point for the Brigade.

REST TO PLAY INTERPORT ELEVEN

The following will represent the Rest of the Colony against the triumphant Interport ladies' hockey eleven at Sookunpoo at 5 p.m. to-morrow.
Mrs. R. Ross (St. Andrew's); Miss J. Woolley (C.B.A.); Miss J. Smalley (H.K. Ladies); Miss J. Woolley (C.B.A.); Miss J. Thomson (H.K.); Miss K. Glover (H.K. Ladies); Miss G. Dalziel (H.K.); Miss M. White (C.B.A.); Miss A. Alves (Recoile); Miss H. Knill (H.K. Ladies).

K.C.C. SECURES THE "DOUBLE"

Army Surprisingly Defeated At Home

Only two senior league cricket games were played on Saturday and resulted in wins for the K.C.C. and the Civil Service Cricket Club over the C.C.C. and Army respectively.

The K.C.C. by virtue of their win have now placed themselves in a very sound position for the Championship. In their match on Saturday good bowling by Frank Goodwin was primarily responsible for their victory. Goodwin took 6 wickets for 42 runs in 18.1 overs, seven of which were maidens.

Thanks to J. E. Richardson who scored 101 runs in a chanceless innings which was featured by some hard hitting on his part, the C.S.C.C. scored a marvellous win over the Army at Sookunpoo. The Army declared their innings closed at 183 runs for 9 wickets. This total was passed by the Civil servants who had four wickets to spare.

Several junior league games were also decided. The K.C.C. juniors accounted for the C.C.C. thus bringing off the "double" for the Club. The R.A.M.C. and Police also won their matches.

SENIOR LEAGUE

C.C.C. Beaten

Fine bowling by Frank Goodwin was a feature of the league cricket encounter between the K.C.C. and Craigengower which took place at the K.C.C. ground and resulted in a win for the home team by 2 wickets.

The Craigengower XI were all out for 151. F. R. Zimmern being the top scorer with 38. The Club replied with 154 for 8 wickets; Teddy Fincher knocked out a useful 47.

In a senior league encounter at Sookunpoo, the Civil Service Cricket Club gained full points when they defeated the Army by 4 wickets.
The Army took first knock at the wicket and collected 183 for 9

wickets when they declared. Lt. Dawson being top scorer with a valuable 34.

Faced with this huge score the C.S.C.C. opened their innings and by a fine effort on the part of L. E. Richardson who contributed a magnificent 101, were able to pass the Army score with 5 wickets in hand.

Week-End Soccer

(Continued from Page 10)

Play was very interesting from now on and the Police were all out to reduce the lead but their efforts looked like ending in failure. However Green who was playing a great game, took a shot but it was stopped by a defender and on the rebound Moss gathered the leather and drove in a hard shot which had Lee Kwok-kee completely beaten.

S. CHINA "A" SHOCKED

S. China "A" received a rude shock at the hand of the Lyceum Gunners yesterday on the Caroline Hill ground when they were only able to beat the soldiers by the odd goal in three, all scored in the first half.

The game was fast and clean throughout with the Chinese having slightly the better of play in the first stanza. After a raid by the Chinese forwards, S. China obtained their first point through Wong Mei Shun who beat Mackrill with a fast shot. The same player later added another goal when he broke through to score with an unstoppable shot.

The soldiers returned to the attack and towards the end of the first half Nash reduced the deficit with a first timer. The interval arrived with the Chinese leading by one goal.

After the change over the soldiers had as much of the play as the Chinese but the Chinese defence was equal to the occasion. Even play featured this half and at the conclusion S. China "A" was just about that superior.

SAINTS BADLY BEATEN

Football was rather spoilt yesterday by the rain. The ground was too slippery for precise tactics and the Navy—St. Joseph's tussle was not at all interesting. The Navy were the better side and though St. Joseph's tried hard they could not cope with the attacks of the Saints. The Navy forward line was definitely the better of the two and their movements and combination were just that bit superior to that of their opponents.

Weirmouth was the first to register for the Navy. Following an attack by the Navy, the College goalie scooped up the ball and in attempting to clear was charged and the ball fell at the feet of Weirmouth who sent it into the empty goal.

The Navy again attacked and forced a corner. From the resultant kick Cannell received and shot into the left hand corner to score the Navy's second goal.

Play became even and a raid by the Saints was rewarded by a goal from the foot of Leonard who dribbled right to the goalmouth to score.

The second half was a repetition of the first play being desultory. Cannell performed his "hat-trick" when he scored a further two goals in the second half. A goal each from Weirmouth and Bennett brought the score to six and the Saints could only net one more in the second half through Ward.

GOVERNOR'S CUP

The expectations of the soccer crowd that went to Caroline Hill on Saturday were realised when the Chinese Federation, favourites for the Governor's Cup, drew with Hong Kong Football Association in a very exciting and interesting match. The Association played at the top of its form and were rather unlucky in that they could only manage a draw as they had the better of the exchanges throughout.

The Chinese were outclassed and it was rather a pity that the Association forward line did not take advantage of all their opportunities. Had they had a real sharp shooter in the forward line there might have been a different story to tell.

Rose and Talbot performed well and gave unflinching assistance to Leonard who led the team. Bickford on the left wing was starved to a certain extent though when he did get the ball he did not give his usual exhibition of form. On the other wing Bertie Gosano displayed brilliant form.

Quick interpassing was the feature of the Association's game and the Chinese halves had a hard time coping with these tactics.

STRONG DEFENCE

Beltrao found his top form and with the aid of his flanking halves, North and Bower, the intermediate line was more than able to withstand the Chinese attacks.

The last line of defence was as sound as could be expected. Swain and Wolverton played sterlingly and except for one or two occasions when Swain was inclined to kick a little wildly, they were ever at fault. Rowlands in goal dealt with all the shots in his usual calm manner. The shot that passed him would have beaten anyone.

Lee Wai Tong was besieged by Beltrao and his fellow workers and had no opportunities to make attempts on the goal. His one break in the first half resulted in a goal as is usual with this most dangerous of players. He received little help from the other forwards with Tso Kwai Shing definitely "off form" and Cheuk Shek Kam, who though he worked hard finished in such a feeble manner as to be of no use to their leader.

The halves were seen in a bad light and quite failed to hold the Association attack and it was only through the fine defence of Mak Sul Hob and Li Tin Sang, and the very good goal keeping of Wong Wing that saved the Chinese from defeat.

THE GAME

The Federation attack did not materialise until 30 minutes had elapsed, then it came with its usual suddenness. Yeung Shui Yick sent the ball down the field for Lee to pass out to Cheuk Shek Kam, for that player to dart in and drive in a hard shot from 5 yards, only to see Rowlands save splendidly.

Soon after this reverse the Association attacked and Bickford, receiving from Bowers sent the ball across to Leonard who caught the Chinese defence napping and netted an easy goal. A few minutes later Lee Wai Tong equalised.

In the second half Lee Wai Tong made a run from the half-way line, eluded Swain and Wolverton, and with an open goal 5 yards in front of him, and the Chinese partisans yelling themselves hoarse, had his final shot smothered by Rowlands who fearlessly dived at his feet and saved an almost certain goal.

From this time until the end the Association pressed hard but were unable to register a victory.

C.A.A.F.—Wong Wing; Mak Sul Hon and Lee Tin Sang; Lai Kwok Chiu, Leung Wing Chui and Lee Kwok Wai; Tso Kwai Shing, Cheuk Shek Kam, Lee Wai Tong, Chan Hong Kong, and Yeung Shui Yick. H.K.F.A.—Rowlands; Swain and Wolverton; North, Beltrao and Bowers; B. Gosano, Rose, Leonard, Talbot and Bickford.

THE JUNIORS

Club Too Good

The Kowloon juniors suffered defeat at the hands of the Club on Saturday by the score of four goals to one.

Throughout the first half Kowloon was on the defensive when the Club registered three goals through the efforts of Duncan, Fisher and Fowler.

Kowloon enjoyed the greater part of the play in the second half and it was then that they scored their only goal through Humphreys. The Club were forced on the defensive and it was in the last minute of the game that the Club scored their last goal from a scramble in front of the Kowloon goal through Duncan.

Recreio Swamped

The Chinese Athletic ran wild at Caroline Hill on Saturday when they totalled five goals against a weak Recreio eleven in a second division encounter.

Recreio could do nothing against the Chinese defence, and consequently had to fall back on defensive tactics. They were further handicapped when Demee left the field because of an injury.

The Athletic opened the scoring through Chan Choon-ying, and quickly followed this up with a second goal. Chan Choon-ying's shot cannoning off Clui Chi-pin into the net.

In the second half Chow Yin-choong drove in a beautiful first timer following a clearance off the line by Fernandes, and an unlucky "hand" against Fernandes in the penalty area was converted by Lo Wai-man, who netted the fifth goal for the Athletic from a free-kick 30 yards out.

MAMAK HOCKEY

Holders Well On The Way

The Kowloon Indians Hockey Club by virtue of their win over the Radio Sports Club yesterday have enhanced their prospects of carrying off the championship honours in the "A" Division of the Mamak Tournament, when they met and defeated the latter by two goals to nil, after a goalless first half.

The first goal came as a result of a penalty bully, given against the Radio right half for deliberately kicking the ball when hard pressed. Awtar Singh took the bully and made no mistake. The second point came fifteen minutes from the end when Souza (outside left) netted with a ground shot.

The game was disappointing as a spectacle as both teams were inclined to hit too hard, but towards the end, play brightened up considerably with the Radio going all out for goals.

FRIENDLES

INTER-FACULTY MATCH

In an inter-faculty cricket match at Pokfulam, the Medicals beat the Arts by 6 wickets.

Almost every member of the Medicals team had a turn with the ball, and curiously enough, nearly all secured wickets! The scores were:—

Arts:—40 (E. L. Gosano 2 for 4; Medicals:—80 for 5.

CLUB WIN BY 9 WICKETS

An innings for 88 runs, which included 17 boundaries, by L. D. Kilbee, enabled the Club to beat the Navy by 9 wickets in a friendly match on the Club ground.

Royal Navy: 128 (Lt. Bartley 30, Lt. Branwell 39; A. C. Growder 6 for 32).

H.K.C.C.: 202 for 5 (L. D. Kilbee 88, F. Marshall 40).

FAREWELL MATCH

A very interesting cricket match was played at the K.C.C. yesterday between the Club and a team representing the United Services Recreation Club. The game was played more as a farewell to Dr. Smalley who is leaving the Colony shortly. The result was a draw, play having to be stopped owing to rain.

K.C.C. batted first and collected 185. Mackay, 62, Broadbridge, 37, and E. Abraham 6 were the chief contributors.

U.S.R.C. had 122 for 5 wickets when play had to be stopped. Capt. D. W. Perse 88 not out, Lt. Bramwell 26 and Dr. Smalley 2.

ICE HOCKEY MATCHES

Italy Surprisingly Defeated

(Special to the "Hong Kong Daily Press" (Copyright))

Garmisch Partenkirchen, Feb. 8. The ice hockey tournaments were resumed on Saturday afternoon when Czechoslovakia defeated Hungary by three goals to nil. France beat Belgium by four to two, and the United States surprisingly lost to Italy, by two goals to one, after the game had been prolonged owing to the score being one all.

On the results up to the present, Hungary and Czechoslovakia appear to have the best chance in their groups to qualify for the second round, while in the second group the United States are likely to be one of the qualifying teams.

THE SHARE MARKET

Harriman's Weekly Review

Messrs. G.A. Harriman and Co.'s
 weekly share report and market
 review issued at noon on Saturday
 states:-

The market during the week
 under review has been compara-
 tively quiet but rates have been
 well maintained with a consistent
 enquiry in all sections. In the
 investment section Hongkong
 Electric's weakened slightly at the
 beginning of the week but closed
 much better with strong buyers at
 \$12.75 cash and \$74 March. Tele-
 phones (old) remained firm with
 business done at \$28/25.25 and
 closed with buyers at the latter
 rate. Wharves (old) had enquiries
 at \$102 cash and \$103 March after
 sales at \$101. The only stock to
 suffer was Trams which were
 offered at \$13.00, but found favour
 with forward buyers at \$13.10
 March. Hongkong Lands were
 quiet with shares offering at
 \$35.50. Star Ferries were making
 time and could be obtained in
 small parcels at \$98. Some of the
 minor issues showed signs of

easiness at one time with Hotels
 receding to a selling rate of \$5.40.
 China Lights (old) fluctuated be-
 tween \$11 and \$11.30 closing in
 demand at the latter figure after
 business done at \$11.40 cash and
 \$11.60 March. Cements after hav-
 ing been done at \$8.50, revived to
 a buying rate of \$8.85. Providents
 (old) after declining to \$1.85 at one
 time closed in strong demand at
 \$1.95. In the sterling section Hong-
 kong Banks were put through at
 \$18.00/05 while Unions had sellers
 at \$665. The tone of the market
 at the close is steady with a dis-
 tinct scarcity of offerings.

THE EXCHANGE MARKET

MESSRS. ROZA BROS

Saturday, Feb. 8.

Spot Silver rose 1/8 on Satur-
 day and the Forward rate 1/4,
 the quotations being 19 9/16 and
 19 1/2 respectively. Silver advices
 reported India as having bought
 and sellers were scarce. The mar-
 ket closed steady. In America
 the rate was unchanged at 44 1/2 for
 Spot.

The London/New York cross-
 rate was quoted at 502 and New-
 York/London at 502 1/2.

MARKET

Steady, particularly for forward
 deliveries.

STERLING

The market opened with sellers
 at 1/3 13/16 for February result-
 ing in business subsequently at
 1/3 1/4 for cash and February, 1/3 1/4
 for March and 1/2 11/16 April.
 The market closed with sellers
 at 1/3 13/16 February, 1/3 1/4 March
 1/3 11/16 April and 1/3 1/4 May.
 buyers at 1/16 higher respectively.

U.S. DOLLARS

Business was done at 33 3/16 for
 February delivery. The market
 closed with sellers at 33 1/2 February,

BERLIN SHARE MARKET

[Special to the "Hong Kong Daily
 Press" (Copyright).]

Berlin, Feb. 8.

Although the total volume of
 business in the sharemarket was
 smaller in the last few days, buy-
 ing orders were in the majority so
 that, on account of the shortage of
 supplies, prices hardened.

The resumption of dividend pay-
 ment by Zeiss Ikon in 1935, 5 per
 cent. as against nothing in 1934,
 had a stimulating effect. Mining
 and Cellulose shares were firm.
 Fixed Interest Securities were quiet.
 Gold Mortgage Bonds were friendly,
 but prices changed comparatively
 little. Call Money was at 2 1/2,
 Young Loan unquoted (Friday
 unquoted). Reichsbanks were 3/8
 better at 18 1/2. Dreyfus declined
 1/8 to 15 1/4. Salzedt's Potash
 was 1/2 weaker at 189. United Steel
 Works were 1/2 firmer at 81 5/8.
 German Mineral Oil rose 1/4 to
 109 1/2. Siemenshalske unchanged at
 17 1/2. Bemberg Rayon unquoted.

The extraordinary liquidity in
 the money market continues the
 January monthly settlement hav-
 ing passed without leaving any
 after effects and Call Money hav-
 ing quickly returned to a cheap
 rate despite the fact that almost
 the entire 500 million marks had
 been paid in purchase money for
 4 1/2 per cent. German Railway
 Treasury Bills. This is all the
